Report Logic

At least one of the following must be true in order for a student to be reported:

- At least one date (Special Education Start Date, Special Education End Date) falls within the reporting period.
- The student has an active and locked IEP AND at least one date of the plan falls within the reporting period.
- The student has an active and locked Evaluation AND the Effective Date of the evaluation falls within the reporting period.

Only one record per administrative unit code reports for the student.

This report does NOT include students who have an ILP or other plan type that is not an IEP.

Records are not included when:

- The student's enrollment record is marked as a No Show.
- The enrollment record is marked as State Exclude.
- The Grade Level of enrollment is marked as State Exclude.
- The Calendar selected is marked as State Exclude.

Field	Description
Report Type	Selection determines the Special Education Interchange report that generates. Choose Student Parent Association .
Ad hoc Filter	Select a saved ad hoc filter to only include those students in the filter in the report, assuming those students meet the reporting logic and business rules of this report.
Start Date/End Date	The entered date is auto-populated to the current first and last dates of the selected calendar in the Campus toolbar. Students who have an Evaluation or IEP during the entered date range, even when the enrollment record is ended during the date range, are included on the report.
Report Legal Name	When marked, the student's name and gender report from the Protected Identity Information section on the student's Identities record.
Report Format	The School Association report can be generated in either CSV or HTML formats.
Calendar Selection	At least one calendar needs to be selected in order to generate the report. Reports can be selected by Active Year, School or Year.
Report Generation	Use the Generate Report button to display the results of the report immediately. Use the Submit to Batch option to determine when the report generates. Submit to Batch is helpful when generating the report for multiple calendars and a large range of dates.
