Report Logic

Only those students included on the selected Ad hoc filter are reported. The most current enrollment information is reported. If no ad hoc filter is selected, all students enrolled in the selected calendar are included in the report.

Report Editor

Field	Description
Report Type	Selection determines the Student Interchange report that generates. Choose IPST Overwrite .

Field	Description
Ad hoc Filter	Select a saved ad hoc filter to only include those students in the filter in the report, assuming those students meet the reporting logic and business rules of this report.
Effective Date	The entered date is auto-populated to the current date and returns those students actively enrolled in the selected calendar on this date.
Report Legal Name	When marked, the student's name and gender report from the Protected Identity Information section on the student's Identities record.
Format	The IPST Overwrite report can be generated in either CSV or HTML formats.
Calendar Selection	Select at least one calendar to generate the report. Calendars can be selected by Active Year, School or Year.
Report Generation	The Student Layout extract can be generated immediately using the Generate Report button. Or, use the Submit to Batch button to select when the report is generated. See the Batch Queue article for more information on this functionality.

Generate the Report

1. Select the **IPST Overwrite** from the **Report Type** field.
2. If desired, select students from an existing **Ad hoc Filter**.
3. Enter the desired **Effective Date**.
4. Mark the **Report Legal Name** checkbox, if desired.
5. Select the **Format** of the report.
6. Select the **Calendar(s)** from which to report information.
7. Click the **Generate Extract** button or the **Submit to Batch** button. The report displays in the desired format.
