# Report Logic

- Percentages for each cell are only calculated when **Compliance Percentages included** is marked.
- Each student can only be counted in a single column.
- Calendars marked as Exclude are not listed on the editor. Excluded calendars are not reported.

# Report Editor

The following table describes the fields available on the CO Immunization Summary editor:

Field	Description
<b>Grade</b>	The grade level of students you would like to include on the report.
<b>Ad Hoc Filter</b>	An optional ad hoc filter can be selected from the dropdown to further narrow results on the report.
<b>All school compliance totals</b>	Indicates that all school compliance totals should be included on the report.
<b>McKinney-Vento totals</b>	Indicates that the McKinney-Vento column should be included on the report.
<b>Summary Totals</b>	Indicates that the student summary totals should be included on the report.
<b>Compliance Percentages included</b>	Indicates that the compliance percentage totals should be included on the report.
<b>Grade level breakdown</b>	Indicates if the report should be broken down by grade level. If unmarked, only vaccine totals will display.
<b>Calendar Selection</b>	Which calendar(s) will be included on the report.
<b>Choose Vaccines</b>	Which vaccines will be included on the report. The Toggle Vaccines option will mark or unmark all vaccines.
<b>Generate Extract</b>	Generates the report in a PDF format.
<b>Submit to Batch</b>	An option that allows the report to generate in the background.  This is a very complex report. Limit the number of students run per batch or select <b>Submit to Batch</b> to generate the report in the background while you use other areas of Campus. See the <a href="#">Batch Queue</a> article for additional information.
