The Consent to Evaluate in Campus is used to document the student's and parent/guardian's consent to evaluate the student to determine their needs for special education services. This document describes each editor, the section(s) of the print format that include the entered information, a description of each field on the editor, and any special considerations and instructions for using the editor and fields.

An evaluation must be created whether or not the student is determined to have a disability. A copy of the evaluation summary report, including the documentation of eligibility, is given to the student's parents by the school district.

> The current format of this document is the **GA Consent to Evaluate 2020**. Evaluation formats are selected in Eval Types.
