June Enrollment Report

Tool Rights

PATH: System Administration > User Security > Users > Tool Rights

In order to generate this report, you must have at least **R**(ead) tool rights assigned (as well as calendar rights to any appropriate calendars).

Generate the State Summary Report

1. Enter the **Date Range**.

Only records within this date range report.

- 2. Select a **Report Type** of **Summary**.
- 3. Select a **Summary Type** of **State**. The table below describes each available option.
- 4. Select a **Filter By** option. See the table below for more information.

Calendar	State	District		
Selecting this option allows you to choose which calendar will report data. Selected calendars marked as State Exclude will not count at the selection of the selection of the selection of the selection of the selection of the selection of the selection of the selection of the selection of the selection of the selection of the s	Selecting this option allows you to select a School Year. All data to the state for the school year between the school year be	Selecting this option allows you to only report data for a specific district in a specific school year.		

- 5. Select a **Format:** PDF, CSV, or DOCX.
- 6. Select which students you would like to include in the report:
 - Select which grade(s) should report student data OR
 - Select an Ad Hoc Filter.
- 7. Select which **Calendar(s)** will include data within the report.
- 8. Select how the report will be generated:

Generate Report	The report will generate immediately and display in a new window in the designated format.
Submit to Batch	The report can be scheduled for when it generates and will be sent to the Batch Queue tool.

The report displays in a separate window in the designated format. See the Understanding the Report section for more information.

Generate the District Summary Report

- 1. Enter the **Date Range**. Only records within this date range are reported.
- 2. Select a Report Type of Summary.
- 3. Select a **Summary Type** of **District**. The table below describes each available option.
- 4. Select a **Filter By** option. See the table below for more information.

Calendar	State	District

- 5. Select a **Format:** PDF, CSV, or DOCX.Select which students you would like to include in the report:
 - Select which grade(s) should report student data OR
 - Select an Ad Hoc Filter.
- 6. Select which **Calendar(s)** will include data within the report.
- 7. Select how the report will be generated:

Generate	The report will generate immediately and display in a new window in the
Report	designated format.

Submit to Batch The report can be scheduled for when it generates and will be sent to the Batch Queue tool.

Result

The report displays in a separate window in the designated format. See the Understanding the Report section for more information.

Understanding the Report

The following sections will explain what logic is used in the report and how to interpret report data.

- Report Logic
- State Summary Report
- District Summary Report

Report Logic

The following table describes logic used when determining reported data:

Logic			Campus UI Location		
Only enro reported.	llment records	s with a Service Type = P are	Student Information > General > Enrollments > Service Type		
Attendanc	e is calculate	d from the student's schedule.	N/A		
Scheduled	l periods mus	t be marked as Instructional.	System Administration > Calendar > Periods		
Courses m	nust be marke	ed for Attendance.	Scheduling > Course > Attendance		
Days must be marked as Instructional.			System Administration > Calendar > Days > Instruction		
Absent is defined by the following attendance code combinations:			System Administration > Attendance > Attendance Codes > Status, Excuse		
Status	Excuse				
Absent	Excused				
Absent	Unexcused				
Absent	Unknown				
Absent/Ex	empt will not	subtract attendance.			
Whole Day Present = Student is flagged as Absent for less than or = 50% of scheduled Instructional periods.			N/A		

Logic	Campus UI Location
Whole Day Absent = Student is flagged as Absent for more than 50% of scheduled Instructional periods.	N/A
The report can be run against a district's active year as well as any prior year.	N/A

State Summary Report

The following table describes each field on the State Summary Report.

State Summary Department of Education	Average Daily Attendance by District Report Date							
Report ID: EHMSE13-B			1	6-17				
			State of	of Hawaii				
	Days In	Aggr Days	Aggr Days	Aggr Days	Avg Daily	Avg Daily	Avg Daily	Absence
District Name	Session	Membership	Attendance	Absence	Membership	Attendance	Absence	%
10: Honolulu	180	248168	246303	1865	1356.11	1345.92	10.19	0.75%
20: Central	180	601081	597972	3109	3339.34	3322.07	17.27	0.52%
40: Windward	188	136463	135859	604	766.65	763.25	3.39	0.44%
Total		985712	980134	5578	5462.10	5431.24	30.85	0.57%
Average	182	985712	980134	5578	5416.00	5385.35	30.65	0.57%

Example of a State Summary Report

Districts listed in the report are grouped according to an associated Sub-District on the School History editor.

Column	Description/Logic
District Name	The name of the reporting district.
Days in Session	The total number of instructional days the district was in session within the Date Range entered on the report editor divided by the number of calendars included in the district.

Column	Description/Logic
Aggregate Days Membership	Total number of enrolled instructional days for all students within the district in the Date Range entered on the extract editor.
	If the Membership Days Override field has a value entered, this value is used when calculating reported data.
Aggregate Days Attendance	Total number of days students were marked Present within the district in the Date Range entered on the extract editor.
Attendunce	If the Absence Days Override and Membership Days Override fields have a value entered, these values are used when calculating reported data.
Aggregate Days	Total number of days students were marked Absent within the district in the Date Range entered on the extract editor.
Absence	If the Absence Days Override field has a value entered, this value is used when calculating reported data.
Average Daily Membership	 The average number membership days per day within the district in the Date Range entered on the extract editor. Averaged Daily Membership = Membership Days / Days in Session
Average Daily Attendance	 The average number of present days per day within the district in the Date Range entered on the extract editor. Average Daily Attendance = Present Days / Days in Session
Average Daily Absence	 The average number of absent days per day within the district in the Date Range entered on the extract editor. Average Daily Absence = Absent Days / Days in Session
Absent % (Percentage)	 The average percentage of absences per day in the Date Range entered on the extract editor. Absent % = (Absent Days / Membership Days) * 100
Total	The sum of all reported data per column.
	Total Absent % is the average percentage of all reported districts in the state, not the sum of data like other reported Total values.
Average	The average of all reported data per column.

District Summary Report

The following table describes each field on the District Summary Report. Data is reported for selected schools (tied to the selected calendars on the report editor) within a district.

District Summary Department of Education Report ID: EHMSE13-A	Average Daily Attendance by School 07/01/2020 - 06/30/2021 20-21						12/24	Report Date /20 8:13:44 AM

Example of a District Summary Report

Element	Description/Logic
School Name	The name of the reporting school.
Calendar Name	The Calendar Name column reports each calendar selected for reporting along with its associated data. Calendar data is totaled at the bottom in the District and District Averages.
Days in Session	The number of days the school was in session within the Date Range entered on the report editor.
Aggregate Days Membership	Total number of enrolled instructional days for all students within the school in the Date Range entered on the extract editor. If the Membership Days Override field has a value entered, this value is used when calculating reported data.
Aggregate Days Attendance	Total number of days students were marked Present within the school in the Date Range entered on the extract editor. If the Absence Days Override and Membership Days Override fields have a value entered, these values are used when calculating reported data.
Aggregate Days Absence	Total number of days students were marked Absent within the school in the Date Range entered on the extract editor. If the Absence Days Override field has a value entered, this value is used when calculating reported data.
Average Daily Membership	 The average number membership days per day within the school in the Date Range entered on the extract editor. Averaged Daily Membership = Membership Days / Days in Session
Average Daily Attendance	 The average number of present days per day within the school in the Date Range entered on the extract editor. Average Daily Attendance = Present Days / Days in Session

Element	Description/Logic
Average Daily Absence	 The average number of absent days per day within the school in the Date Range entered on the extract editor. Average Daily Absence = Absent Days / Days in Session
Absent % (Percentage)	 The average percentage of absences per day in the Date Range entered on the extract editor. Absent % = (Absent Days / Membership Days) * 100
Total	The sum of all reported data per column. Total Absent % is the average percentage of all reported districts in the state, not the sum of data like other reported Total values.
Average	The average of all reported data per column.
