## Report Editor

Field	Description
<b>Effective Date</b>	The date for which information reports.
<b>Accommodation Range</b>	The start and end date that comprises the date range. Accommodations within the date range will report.
<b>Format</b>	The Format in which the report should generate. Options are CSV and HTML.
<b>Ad Hoc Filter</b>	Selecting a filter limits the results to only those included in the filter.
<b>Choose Grades</b>	Identifies the grade levels to include in the report.
<b>Select Calendars</b>	Identifies which Calendar(s) should be included in the report. Calendars can be sorted by active year, by school or by year.
<b>Generate Extract/ Submit to Batch</b>	Users have the option of submitting a report request to the batch queue by clicking <b>Submit to Batch</b> instead of immediately generating the report by clicking <b>Generate Extract</b> . The batch process allows larger reports to generate in the background without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the <a href="#">Batch Queue</a> article.
