CTE Tooling Editor - CTE Attendance Tooling Type

Report Logic

A record report for each student's selected state assessment with a date on or within the extract date range. Students must have a State ID to report.

Generating the CTE Attendance Tooling

- 1. Select the **Tooling Type** of Assessment Tool.
- 2. If desired, limit results by selecting one or more Assessment State Codes.
- 3. Enter a **Start Date** in *mmddyyyy* format or by clicking the calendar icon and selecting a date.
- 4. Enter an **End Date** in *mmddyyyy* format or by clicking the calendar icon and selecting a date.
- 5. Limit the results reported by selecting a **Grade** or an **Ad hoc Filter**.
- 6. Select the **Format** by using the dropdown list.
- 7. Select a **Calendar** from the list. More than one can be selected.
- 8. Click Generate Extract. to generate the report in the indicated format or Submit to Batch to

schedule when the report will generate.

Users have the option of submitting a Student Assessment report request to the batch queue by clicking **Submit to Batch** instead of Generate Extract. This process will allow larger reports to generate in the background, without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article.

Report Layout

Results are sorted by Student Last Name, then Student State ID, then by Assessment Date.

Element Name	Description & Format	Campus Location	
CalendarName	The name of the Calendar selected.	System Administration > Calendar > Calendar > Name	
	Alphanumeric	Calendar.name	
StudentStateID	The student's state ID. <i>Alphanumeric</i>	Census > People > Demographics > Person Identifiers > Student State ID Person.stateID
