Master Course Schedule Report Logic

A record reports for each section that meets the following requirements:

- Section is active on at least one day during the reporting range.
- Course has a Course State Code entered.
- Section being reported is instructional and scheduled during an instructional period in the calendar.
- Section being reported has at least one student actively rostered during the reporting date range.
- Only one record per section reports, even for sections that span multiple terms.
- To report, a section must have at least one rostered student:
 - With a Student State ID,
 - Enrolled in a grade level mapped to a State Grade Level of NG, PK, KG, or 01-12.
 - Whose roster record is active at some point within the section's schedule placement.

Report Editor Field Descriptions

Field	Description
Report Type	Select Course Master Schedule . The following ISEE extract types are also available: <ul style="list-style-type: none"> • District Calendar • Student Demographics • Student Attendance • Student Course Enrollment • Special Education Students • Gifted and Talented Students • Staff Demographics • Staff Assignment
Start Date	The earliest date from which data is pulled for the report. <i>(Required)</i>
End Date	The latest date from which data is pulled for the report. <i>(Required)</i>
Ad Hoc Filter	This field allows users to use an Ad hoc filter that was created in the Ad hoc Filter Designer . Only one Ad hoc filter may be selected.
Format	The format in which the report will generate. Options include CSV (State Format) and HTML.
Select Calendars	The calendar(s) from which data is pulled for the report. Can be set to display only the active year's calendars, or be sorted by school or by year.
Batch Queue	Users have the option of submitting this report request to the batch queue by clicking Submit to Batch instead of Generate Extract. This process will allow larger reports to generate in the background, without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article.

Course Master Schedule Extract Layout

Column	Description & Format	Campus Location
schoolID	The SDE assigned State District Number for the reporting district. <i>Alphanumeric, 4 characters</i>	System Administration > Resources > School > State School Number School.number
