**PATH:** *Census > People > Credentials > Highly Qualified*

In order to properly report Highly Qualified Credential types in the IURC Staff Assignment Extract, the staff person must have a Highly Qualified Credential type and the VSC: State Competency option must be selected on the credential.

The screenshot shows a web interface for managing credentials. At the top, there are tabs for 'District Assignments', 'School Choice', 'Credentials', 'Overrides', and 'Fees'. Below the tabs are buttons for 'Save', 'Delete', and 'New Credential'. The main content area is titled 'Employment Credentials' and shows a tree view with '#001 Independent District of Boise City' and a sub-item 'Highly Qualified (02/11/2014)'. Below this is a form titled 'Highly Qualified Employment Credential Information' with the following fields:

- \*Start Date:** 02/11/2014
- End Date:** (empty)
- Subject Type:** (dropdown menu)
- Met HOUSSE:**
- HOUSSE Completion Date:** (calendar icon)
- Subject Matter Competency:** VSC: Valid State Competency
- \*State Competency:** 4: Grade 9 Class-valid 8000 Series endorsement
- Paraprofessional Qualification:** (dropdown menu)

# Logic

The following logic used when reporting this information in the IURC Staff Assignment Extract:

- Field 16, **Highly Qualified Date:**
  - If the record is for a Teaching Assignment and Field 14, Highly Qualified Teacher, reports as N, the date of the Expected Highly Qualified field will be reported.
  - If the record is for a non-teaching District Assignment and Field 14, Highly Qualified Teacher, reports as X, this field will report as blank.
- Field 15, **Qualification Method:**
  - If the record is for a non-teaching District Assignment or if the person reports N or X in Field 14 (Highly Qualified Teacher), this field will report as blank.
  - If the record is for a Teaching Assignment and Field 14, Highly Qualified Teacher, reports as Y, the Qualification Methods report as such:
