- The enrollment End Date must be null or fall on or after the Calendar Start Date.

Students are not included when:

- Their enrollment record is marked as State Exclude or No Show.

- Their calendar of enrollment is marked as Exclude.

Truancy Logic and Definitions

A student with any period marked with the Attendance code of Absent Unexcused or Absent Unknown in an instructional period is considered Truant on that day.

A student moves from being considered Truant to Chronically Truant after having Unexcused/Unknown Absences for the entire day on 5% of the calendar's school days.

A **truant student** is a student subject to compulsory school attendance who is absent without valid cause for a school day or portion thereof.

The **Date Qualified Truant** is the first date in the school year that the student met the criteria to be considered Truant.

A **chronic truant** is a student subject to compulsory school attendance and who is absent without valid cause for 5% or more of the previous 180 regular attendance days/

The **Date Qualified Chronic Truant** is the first date in the school year that the student met the criteria to be considered a Chronic Truant.

A truant minor is a chronic truant to whom supportive services, including prevention, diagnostic, intervention and remedial services, alternative programs and other school community resources have been provided (or offered and refused) and have failed to result in the cessation of chronic truancy.

When a student is counted as a Chronically Truant, that student is included in the Truant count.
