Search Terms: ISBE Extracts

The ISBE College and Career Reading Extract reports students who are enrolled in grades 09-12 as of the Effective Date entered on the extract editor and who have a [CCRI record](#) within the current school calendar instructional dates.

Report Editor

Field	Description
Extract Type	Selection determines the extract that is generated. For this instance, select the College and Career Readiness option.
Effective Date	Entered date is used to return current enrollments for the report. This field automatically populates with the current date, but can be changed by entering a new date in <i>mm/dd/yyyy</i> format or by clicking the calendar icon to select a date. This date is required in order to generate the report. <ul style="list-style-type: none"> • If an enrollment record has an end date before the effective date, that record is not included • If an enrollment record has an end date after the effective date or does not have an end date, that record is included.
File Identifier	Indicates the number attached to the end of the file name and is used to differentiate the file from other files generated.
Strip Apostrophes	When marked, the following marks are removed from student names and other reported data: <ul style="list-style-type: none"> • Apostrophes ('), Commas (,), Periods (.) • Umlaut (Ö) • Tilde (Ñ) • Grave Accents (Ò), Acute Accents (Ó) • Circumflex (Ô) <p>When not marked, these marks are not removed.</p>
Report Protected Identities	When marked, student identity information (last name, first name, etc.) reports from the Protected Identity Information fields.
Choose Grades	Only students enrolled in the selected grade level are included in the report when they meet the other report population requirements (i.e, enrolled as of the effective date and have a CCRI record).
Format	Determines how the report generates. Use the State Format (Comma Delimited) when submitting the report to the state. Use the HTML or Tab Delimited option when reviewing data prior to state submission.
Ad hoc	Select a saved ad hoc filter to use when generating this report. Only those students included in the filter are returned on the report if they meet the reporting requirements.
Calendar Selection	At least one calendar needs to be selected for the report to generate. Calendars can be chosen by Active Year , by School or by Year . If a calendar is selected in the Campus toolbar, that calendar is automatically selected.

Field	Description
Report Generation	The report can be generated immediately using the Generate Extract button. When there is a larger amount of data chosen (several calendars, large date range, etc.), use the Submit to Batch button, which allows the user to choose when the report is generated. See the Batch Queue article for more information.

Generate the Report

1. Select **College and Career Readiness** from the **Extract Type** field.
2. Enter the **Effective Date** for the report.
3. Enter a **File Identifier**. This is a three digit number attached to the file name used to differentiate itself from other ISBE Demographic and Enrollment Extract files generated.
4. Mark the **Strip Apostrophes** checkbox, if desired.
5. If desired, mark the **Report Protected Identities** checkbox.
6. Select the desired grade levels from the **Choose Grades** list.
7. Select which **Format** to generate the report in. To preview information prior to submission to the state, use the HTML format. When submitting data to the state, use the State Format (Comma Delimited).
8. If desired, select an **Ad hoc Filter** from which to pull the student set.
9. Select which **Calendars** to include within the report.
10. Select the **Generate Extract** button or use the **Submit to Batch** option. The report displays in a separate window in the designated format.
