**Search Terms:** ISBE Extracts

The ISBE Early Childhood Programs Extract reports data on students 3-5 years of age participating in Early Childhood Programs. [Student Early Learning](#) records are used to report data.

## Report Logic

The report includes students who have an active enrollment in the selected calendar that has an Early Learning Program record. The Early Learning Program record uses the following date logic to determine if the record reports:

- The Start Date of the Early Learning Program starts BEFORE the Start Date entered on the Report Editor;

- The Start Date of the Early Learning Program starts BEFORE the Start Date entered on the Report Editor, but the End Date on the Program record is blank (program has not ended);
- The Start Date of the Early Learning Program starts BEFORE the Start Date entered on the Report Editor and ends ON or BETWEEN the Start and End Date entered on the Report Editor;
- The Start Date of the Early Learning Program starts ON or BETWEEN the entered Start and End Date entered on the Report Editor, and the End Date on the Program record is blank (program has not ended).

Early Learning records with FUTURE End Dates are included in the report.

Early Learning Programs are NOT reported when:

- The Program ends BEFORE the Start Date entered on the Report Editor.
- The Program starts AFTER the End Date entered on the Report Editor.
- The Program Start Date is BEFORE the Enrollment Start Date.

Primary enrollments are reported first; if the student does not have a primary enrollment in the selected calendar, partial and special education enrollments are included.

Students must have an enrollment in State Grade 14 in order to be included.

Students are NOT included when:

- The enrollment record is marked as State Exclude or No Show.
- The grade level of enrollment is marked as State Exclude.
- The calendar of enrollment is marked as State Exclude.

## Report Editor

The following fields are available for selection.

Field	Description
<b>Extract Type</b>	Selection indicates what extract generated. For this extract, choose <b>Early Childhood Programs</b> .
<b>Start Date</b> <b>End Date</b>	Indicates the date range used to determine which students are included in the report. See the <a href="#">Report Logic</a> section for details.  Dates are entered in <i>mmddyy</i> format or can be chosen by using the calendar icon.
<b>File Identifier</b>	A numeric field that notes the number of times the report has been generated. This field is used in the File Naming Convention of the extract to be used when submitting the extract in the State Format (EC + RCDT or District Name + __ + MMDDYYY_File Identifier).
<b>Students without State IDs</b>	When marked, the report returned students who do not have state IDs assigned.

Field	Description
<b>Strip Apostrophes</b>	<p>When marked, the following marks are removed from student names and other reported data:</p> <ul style="list-style-type: none"> <li>• Apostrophes ('), Commas (,), Periods (.)</li> <li>• Umlaut (Ö)</li> <li>• Tilde (Ñ)</li> <li>• Grave Accents (Ò), Acute Accents (Ó)</li> <li>• Circumflex (Ô)</li> </ul> <p>When not marked, these marks are not removed.</p>
<b>Report Protected Identities</b>	<p>When marked, student identity information (last name, first name, etc.) reports from the Protected Identity Information fields.</p>
<b>Format</b>	<p>Determines how the report generates. Use the <b>State Format (Comma Delimited)</b> when submitting the report to the state. Use the <b>HTML or Tab Delimited</b> option when reviewing data prior to state submission.</p> <p>Note that the State Format does NOT include column headings.</p>
<b>Ad hoc</b>	<p>Select a saved ad hoc filter to use when generating this report. Only those students included in the filter will be returned on the report if they meet the reporting requirements.</p>
<b>Calendar Selection</b>	<p>At least one calendar needs to be selected for the report to generate. Calendars can be chosen by <b>Active Year</b>, by <b>School</b> or by <b>Year</b>. If a calendar is selected in the Campus toolbar, that calendar is automatically selected.</p>
<b>Report Generation</b>	<p>The report can be generated immediately using the <b>Generate Extract</b> button. When there is a larger amount of data chosen (several calendars, large date range, etc.), use the <b>Submit to Batch</b> button, which allows the user to choose when the report is generated. See the <a href="#">Batch Queue</a> article for more information.</p>

## Generate the Report

1. Select **Early Childhood Programs** from the **Extract Type** dropdown list.
2. Enter the desired **Start Date and End Date** in *mmddyyyy* format or by clicking the calendar icon and selecting a date.
3. Enter the **File Identifier**.
4. Check the **Students w/o stateIDs** checkbox, if desired, to include students without assigned state IDs within the report.
5. If desired, mark the **Strip Apostrophes** checkbox.
6. If desired, mark the **Report Protected Identities** checkbox.
7. Select the **Format**. To review data prior to submission, use the HTML format. When submitting data to the state, use the State Format (Comma Delimited).
8. Select an **Ad hoc Filter** to use as the student set in the report.
9. Select which **Calendar(s)** to include within the report.

10. Select the **Generate Extract** button or use the **Submit to Batch** option. The report will appear in a separate window in the designated format.
