This report gathers student information used to populate student-level information for online testing and barcode labels for the ECA, ISTEP+, IREAD3, and the WIDA tests during the testing cycle for each test administration window. The barcode labels and online information help reduce the exam's time requirements and ensures more accurate student information.

Report Logic

- When the student is in a course where the State Code value is the test selected on the extract editor, the Primary teacher reports.
 - The teacher has a District Assignment (set on the section); however, the report considers the Primary Teacher area of the section and not the District Assignment Title.
 - The teacher whose Staff History Start/End Date falls in the report date range reports.
 - If there is not a Primary Teacher during the report date range, the **Teacher Email Address** column reports N/A.
 - The course must be in an instructional period.
- If a student is LEP, only accommodations A: Read Aloud and E: Extended Time report for the ECA, ISTEP+, and/or IREAD assessments.

The following logic applies when the students being reporting are **Testers** (students taking a test for the first time).

Path to State Grade Levels in Campus: System Administration > Calendar > Calendar > Grade Levels > State Grade Level

Collection	Report Logic	Extract Example (Click to Enlarge)						
Multiple Collections	This option allows you to generate records for one or more the following reports at once: ISTEP, IREAD3, and WIDA. All extract editor selections will apply to all reports.							
ECA	<p>The ECA Collections reports student(s) whose enrollment is marked for one of the ECA tests.</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 30%;">When Collection Period is...</th> <th>Then the collection reports...</th> </tr> </thead> <tbody> <tr> <td>1, 2, 3, or 5</td> <td>all students that meet the report criteria effective on the date the report is run.</td> </tr> <tr> <td>4</td> <td>all students that meet the report criteria between the Start and End Date of the report range.</td> </tr> </tbody> </table>	When Collection Period is... <p>ILEARN</p>	<p>When Period 3 is selected for Collection Period, this collection reports all students that meet the reporting criteria between the Start and End Date of the report range.</p> <p>Students only report when they have an enrollment starting on or after the Start Date where the enrollment is still active on the End date of the Date Range.</p> <p>Students actively enrolled in a course with a Course State Code number matching the Test(s) selected in the Extract Editor.</p> <p>Students who have withdrawn from a course with a Course State Code number matching the Test(s) selected in the Extract Editor are included when</p> <ul style="list-style-type: none"> the student withdrew/stopped taking the course prior to the last day of class AND the student has a grade assigned to the course that is tied to a State Reported Grading Task. <p>Reports a single record per student per qualifying test. Duplicate records are NOT reported for overlapping enrollments or multiple consecutive enrollments.</p>	

2. Select the **Collection Period**:

An exception to the following logic is that students who have withdrawn are only reported when they meet the following criteria: Dropped the class before the last day of class, has as a Grade tied to a State Reported Grading Task AND meets the criteria indicated in the Report Logic section.

Collection Period	This Collection Period reports...
Collection 1 (or Period 1, 2, 3, 5 for ECA)	all students who are active on the day the report is run report. The report selects students based on student enrollment AND current course schedule.
Collection 2 (or Period 4 for ECA)	students who meet the following criteria: - Enrollment begins on or after the Start Date of the report's Date Range; AND - Enrollment is active ON the End Date of the Date Range.
Period R	students that are Grade 10 Retesters. This Collection Period only reports for the ISTEP Collection.

3. Enter a **Date Range**. (*Does not apply to all Collections*)
4. Select one of the following Tests (ILEARN Only)
 1. 3024: ILEARN Biology
 2. 1540: ILEARN U.S. Government
5. Set up the following **Grades Level and Class Period** options:

Collection	Extract Options
ISTEP	Select the appropriate grades. Select the Homeroom checkbox or enter the appropriate Period .
ECA, ILEARN, IREAD3, or WIDA	N/A

6. Select one of the following Sort By options (ILEARN Only):
 1. Collection
 2. Student Identifier
7. Select one of the following formats:
 - Comma Separated
 - HTML
 - XML
8. Select the calendar(s) to include in the report.
9. Click **Generate Now** or **Submit to Batch**.

Tip: The Batch Queue tool is used by some districts/states to generate large, system-intense reports. See the [Batch Queue](#) help article for more information.
