Report Logic

- Reports students with that are flagged for Hospitalization/Homebound or in a Hospitalization/Homebound Program where the start and end dates overlap the reporting period. A Homebound/Hospitalization Program is a program with the code **HB** and the State Reported checkbox is marked.

- Students do not report if any of the following conditions exist:

  - The student's enrollment **State Exclude** field is checked.
  - Students enrolled in the grade level where the Grade Level's **Exclude from state reporting** field is checked.
  - Any students enrolled in a school where the Calendar's **Exclude** field is checked.

Report Editor Details

Field	Description
Year	The school year from which data is pulled for the report.
Start Date	The earliest date from which data is pulled for the report.
End Date	The latest date from which data is pulled for the report.
Ad Hoc Filter	Select an Ad hoc Filter to limit the information reported to students within the selected filter.
Format	The format in which the report generates. Options include HTML, Comma Separated and XML.
Select School(s)	The school(s) from which data is pulled for the report.
Generate Extract Submit to Batch	Users can submit the report request to the batch queue by clicking **Submit to Batch** instead of **Generate Extract**. This process allows larger reports to generate in the background, without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article.
