Data Submission

The collection period for this report begins in early July and runs through the end of September.

Report Logic

For more information about the Title 1 tab, see the [Title 1 \(Indiana\)](#) article.

- An enrollment of any type (P, S, N) within the extract Editor dates in a Calendar tied to a School actively marked as a “Schoolwide Program” for Title 1 Program Participation.
 - Schools are considered actively marked for Title 1 Program participation if the only school record (Original Record) or the most recent school history record has the Title 1 field filled out under System Administration > Resources > School > School Name > Original Record / Effective Date > Program Participation.
- An enrollment of any type (P, S, N) of at least 15 consecutive school days, at least part of which is captured within the extract Editor dates in a Calendar tied to a School not actively marked as a “Schoolwide Program” for Title 1 Program Participation AND a Title 1 record tied to that enrollment that also spans at least 15 consecutive instructional school days.
 - Students with multiple IEP records only report once.
 - Students with multiple Title 1 records that have the exact same services only report once.
 - Students are not included in the report when one of the following criteria are met:
 - The student's enrollment record is marked as a No Show
 - The enrollment record is marked as State Exclude.
 - The Grade Level of enrollment is marked as State Exclude.
- Logic for calculating the **ESEA Title 1 Program**, field 3, is as follows:

#	School of Enrollment is Schoolwide Title 1 Participation	Title 1 record Exists in School year	Enrollment in School Calendar >= 15 consecutive days	Enrollment in Regular school calendar + enrollment in Following Summer school calendar >= 15 consecutive days	Title 1 record >= 15 consecutive Days	ESEA Record Report value

Report Editor

Best Practice for Proper Reporting

Select the full school year calendar and summer school calendars that follow the regular school year at the same time.

Editor Field	Description
Start Date	The earliest date from which data will be pulled for the report. Dates may be entered in <i>mmddyyyy</i> format or by clicking the calendar icon.
End Date	The latest date from which data will be pulled for the report. Dates may be entered in <i>mmddyyyy</i> format or by clicking the calendar icon.
Choose Grades	The student grade levels which should be included in the report.
Format	The format in which the report will generate. Options include HTML, Comma Separated and XML.
Ad Hoc Filter	Select a saved ad hoc filter to only include those students in the filter in the report, assuming those students meet the reporting logic and business rules of the report.
Calendars	The calendar(s) from which data is pulled for the report. Can be set to display only the active year's calendars, or be sorted by school or by year.
Generate Extract/ Submit to Batch	Users have the option of submitting a report request to the batch queue by clicking Submit to Batch instead of immediately generating the report by clicking Generate Extract . The batch process allows larger reports to generate in the background without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article.
