The FRYSC Center is Kentucky State Edition-only tool which allows users to create, assign and manage FRYSC Centers within the state. FRYSC Centers are assigned per school within a district via the School tool.

FRYSC Centers created within this tool are synced down to DIS-link districts and are available for selection for schools within the district set for the FRYSC Center.

Image 4: Creating a New FRYSC Center

To create a new FRYSC Center:

- 1. Select the **New** icon. The FRYSC Center Detail editor will appear (see Image 4).
- 2. Select the **District** in which the FRYSC Center exists or services. Only schools within this district are able to select this FRYSC Center.
- Enter the FRYSC Center Code. The first three numbers should be the district number and the last two numbers are based on the order of the FRYSC Center as they are added for the district. For example, Trigg County has a district number of 555, so all FRYSC Centers created for Trigg County should start with 555 followed by 01, 02, 03, etc.
- 4. Enter a **FRYSC Name**.
- 5. Select the **Save** icon. The FRYSC Center now exists within Campus and has been synced down to DIS-linked districts.

Inactivating a FRYSC Center

FRYSC Centers cannot be deleted however, they can be made inactive. Marking a FRYSC Center inactive means existing School records using this FRYSC Center will not be modified however, schools can no longer select and save this FRYSC Center.

Once a FRYSC Center is marked Inactive, the X within the Active column in the FRYSC Center List is removed (see Image 5).
