Supplemental School Year Program

*Start Date: 06/25/2019
 End Date: 05/26/2021
 *Program Type: SSYP: Supplemental School Year Program
 Diploma Date: 05/26/2020
 Cohort Year: 2018

- Modified by: Administrator, System 06/25/2021 09:58 AM

To Create a New Record:

1. Click the **New** button. The Supplemental School Year Program will appear below.
2. Enter the **Start Date** of the student's program.
3. Enter the **End Date** of the student's program (optional).
4. Select the **Program Type**:
 - SSYP: Supplemental School Year Program
 - SSYPG: Supplemental School Year Program - 2021 Graduate
5. **Diploma Date** and **Cohort Year** are read-only and populated based on the values entered on the student's Graduation record.
6. Click the **Save** button. The record is now saved and will sync to the Kentucky State Edition of Infinite Campus.

Updating/Adding Supplemental School Year Programs via the Federal/State Program Updater

You can update, add, and delete Supplemental School Year Program records en masse via the [Federal/State Program Update Wizard](#).

If a program is populated/edited using the Federal/State Program Updater, the [Resync State Data Tool](#) should be run afterwards for the *Extended Learning Opportunities (ELO)* object in order to trigger a sync of the new records to the Kentucky State Edition.

The Federal/State Program Updater does allow values to be entered for the 2 read-only fields (Cohort Year, Diploma Date) but these are overwritten by the values from existing Graduation records as soon as the records are synced via the Resync State Data Tool or if the record is

manually edited.

Federal/State Program Update Wizard ☆

[Student Information](#) > [Program Administration](#) > [Federal/State Program Update Wizard](#)

Federal/State Program Updater

The Federal/State Program Updater allows federal or state program participation data to be added or edited using an import file. Federal or state program participation data records can also be added, edited, or deleted using an Ad hoc filter. For programs that allow an Owner to be specified, edit, delete, and overlapping record logic will be limited to records owned by this District or State Edition.
