PATH: *MA State Reporting > MEPID Import*

The MEPID Import is used to import files from the state for educators who do not have MEPIDs, stored in the Staff State ID field of [Demographics](#).

MEPID Import

Importing a File

1. Click **Browse** to select a file to be imported.
2. Once a file is chosen, click **Upload** to import the file. A report generates indicating how many staff members have unknown or errors in their records.

Errors and Warnings

If data cannot be uploaded properly, the import file generates an error report describing each record that could not be uploaded.

Errors occur when one of the following is true:

- The file name was not found.
- The import file does not contain the necessary information.
- There is not a matching Staff Number, License Number, First Name, Last Name, and/or MEPID.
