The Digital Equity tool allows schools to track digital devices and internet availability for students. More than one record can be added, but records cannot overlap.

See the core [Digital Equity](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Digital Equity records.

The screenshot displays the 'Digital Equity Editor' interface. At the top, there is a navigation bar with a menu icon, a search icon, and the 'Infinite Campus' logo. Below this, the student's name 'Digital Equity' is shown with a star icon, followed by 'Student, Micah' and their details: 'Grade: 03 #123456789 DOB: 11/24/12'. A toolbar contains buttons for 'New', 'Save', 'Delete', 'Print Summary Report', and 'Documents'. The main content area is divided into two sections: 'Digital Equity Summary' and 'Digital Equity Detail'. The summary section shows a table with columns for 'Start Date' and 'End Date', with one row containing '01/03/2022'. The detail section contains various dropdown menus and date pickers for fields like 'Start Date', 'End Date', 'Internet Access In Residence', 'Primary Internet Access Type in Res', 'Primary Digital Device', 'Primary Learning Device Provider', 'Internet Barriers in Residence', 'Internet Performance', and 'Primary Device Access'. At the bottom of the detail section, it shows 'Modified By: Administrator, System 01/28/2022 11:01 AM' and 'District Defined Elements'.

Note the following:

- Use the [Federal/State Program Updater](#) tool to import Digital Equity information to this tool.
- For OLR Prime users, see the [OLR Federal Program Posting Setup](#) article for information on adding Digital Equity fields (and other Federal Program fields) to the Online Registration application. These fields automatically post to the added field.
