Title 1 is used to record Title I Program information for students who receive services. Below, fields specific to the state of Michigan are described. For all other inquiries, please visit the [Title 1](#) article.

## Title 1

The Title I, Part A Program is designed to help disadvantaged children meet high academic standards by participating in either a Schoolwide or a Targeted Assistance Program. Schoolwide Programs are implemented in high-poverty schools following a year of planning with external technical assistance and use Title I, Part A funds to upgrade the entire educational program of the school. Targeted Assistance Programs provide supplementary instruction to children who are failing or most at risk of failing to meet the district's core academic curriculum standards.
