

# Minnesota Ed-Fi v3.1 - Students Resource Preferences

Last Modified on 10/22/2022 10:26 am CDT

**Classic View:** System Administration > Ed-Fi

**Search Terms:** Ed-Fi

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

The following describes how to enable the Students resource for Ed-Fi reporting. If the Configure or Edit buttons do not display, then the resource does not need to be mapped and the toggle button can be used to turn the resource on or off.

1. Indicate if the resource should report Legal Identities.

The screenshot shows a configuration window titled "Students". Inside the window, there are two settings:

- Active:** A checkbox that is checked (indicated by a blue checkmark).
- Report Legal Identities when provided?:** An unchecked checkbox.

At the bottom of the window, there are two buttons: "Save" (a blue button) and "Cancel" (a white button with a grey border).

2. Click **Save**.
