## Individual Service Plan Editors

The following table lists the editors available on the student's Individual Service Plan, the section(s) of the print format that include the entered information, a Description of what the editor is used for and any special considerations and instructions for using the editor.

Fields that are included in any [state reporting](#) extract are required.

Editor Name	Printed Document Section	Description	Special Considerations and Instructions
<b>Education Plan</b>	ISP Header information and Identifying Information	The Education Plan editor provides student summary information and lists the dates of the plan meetings.	<p>This editor must be saved with the required fields before continuing to other areas of the plan.</p> <p>Start Date will auto-populate to be ten days after the Meeting Date. End Date will auto-populate to be one year minus one day from the Start Date.</p>
<b>Enrollment Status</b>	Identifying Information, For Agency User Only Footer	The Enrollment Editor provides a snapshot of the student's enrollment data when the plan is generated.	<p>Clicking <b>Get Special Ed Status from Enrollment</b> synchronizes the information in the editor with the most recent information from the student's <a href="#">Enrollments</a> tool. District and School information does not populate automatically. When the plan is marked as Complete and is locked, Special Ed Status values will be updated in the enrollment based on the values selected in this editor.</p> <p>When establishing the <a href="#">Plan Types</a> in System Administration, three Enrollment editors are available. Users should chose the editor that best meets their needs. The above logic describes the third editor, which is the most commonly used.</p>
