The Evaluation in Campus is used to document the student's educational needs and the student's determination of eligibility for special education. This document describes each editor, a description of each field on the editor, and any special considerations and instructions for using the editor and fields.

An evaluation must be created whether or not the student is determined to have a disability. A copy of the evaluation summary report, including the documentation of eligibility, is given to the student's parents by the school district.

The current format of this document is the **MT ESR 2022**. Evaluation formats are selected in [Special Ed Eval Types](#).
