| Option | Description |
|---|---|
| **Ad Hoc** | Users are able to select ad hoc filters that are used to insert values. The Ad Hoc does not take into consideration the other available fields. |
| **Enrollment Type** | This field is used to import the value to specific enrollment types. |
| **Calendar** | Selection indicates the school calendar to which data is imported. If a Year and/or School is selected in the Campus Toolbar, that calendar is automatically selected. |
| **View** | Generates a HTML report of what student values will change or be added. This report shows the Student ID (EdFi ID), Student Last Name, Student First Name, Student Days Enrolled, and Value to be Overwritten. |
| **Import** | Imports the data into the Student Days Enrolled field on current active enrollments.<br>  <br>*Student Information > General > Enrollments* |
