**Classic View:** Student Information > General > Enrollments

**Search Terms:** Enrollments

The Enrollment tool displays all occurrences of a student's enrollment in the district. Because this is a historical view, this list could be long.

Enrollments are listed by grade level first then by enrollment start date. To reorder the list of enrollments, click the blue headers in the Enrollments Editor list. Enrollment records can be sorted by Grade, Calendar, Start Date or End Date.

See the core [Enrollments](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Enrollment records.
