Report Logic

- Reports student/offender-centric data entered in the [Behavior Management](#) tool.
- Produces a list of students from a single calendar or from multiple calendars if data is required in a district-wide format.
- If a Behavior Incident has more than one state resolution, the most severe resolution that corresponds to the incident reports.
- If behavior incident data exists without a current student offender, the incident is not included on the report.

- All disciplinary incidents that have a State Resolution Code = E, EWO, IS, OS, HO, or SP report.
- An expulsion and suspension tied to a single event are only reported once.
- Student must have an active and locked IEP on the Incident Date of the behavior incident for State Resolution Codes = IS, OS, HO, or SP.
- Multiple student offenders can be reported from the same incident.
- The report will sort by School Number, then Last Name, First Name and Middle Name.
- The report data can be filtered using an Ad Hoc filter.
