Option	Description
Report Type	• Adult Ed Demographics • Program Demographics • Proficiency Outcomes • EL Gains
Effective Date	Students with an active enrollment record as of this date will report.
Filter By	• Calendar • District • School

Option	Description
Format	Determines the format for the report. Use the State Format (CSV) when submitting the final data. Use HTML for data review and testing.
Calendar Selector	Selected calendar indicates which students will be included in the report. Multiple calendars can be selected at one time; it is recommended that all calendars in a district not be selected as this will increase the amount of time it takes to generate the extract. The calendar chosen in the Campus toolbar is already selected.
Ad Hoc Filter	Selection includes only those students included in the filter.
Generate Extract	Displays the selected calendar information and extract immediately for review and printing in the selected format.
Submit to Batch Queue	Delays the extract generation to a designated time. See the Batch Queue article for more information.
