Nevada Academic Programs requires user setup at both the [Student](#) level and the [Admin](#) level.

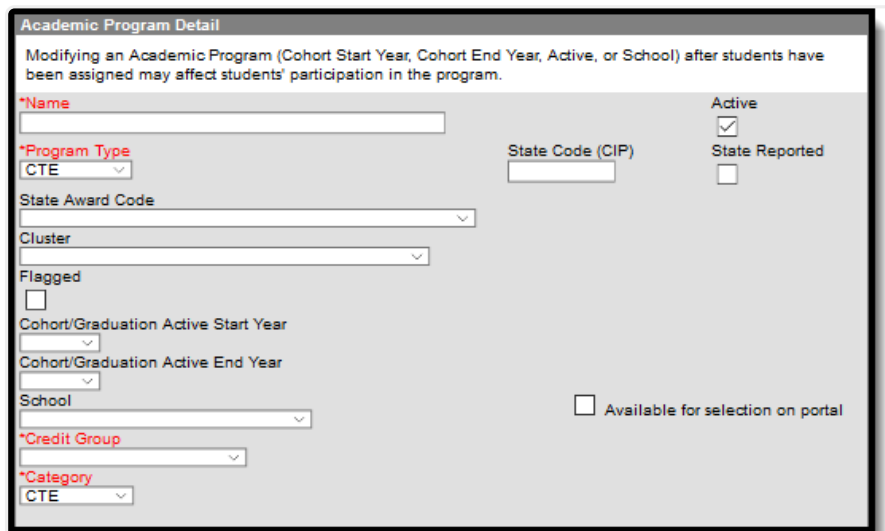

To use Academic Programs effectively, be sure to follow the instructions below.

Creating Academic Programs

Classic View: *Program Admin > Programs > Academic Programs > New Program*

Search Terms: Academic Programs

At the administrative level, Academic Programs can be created for a particular school, all schools, or for a particular set of students (based on their cohort year). Any number of programs can be created. Nevada has defined fields that are unique for the creation of Academic Programs. These fields are described below. For information on all other fields please see the [Create Academic Programs](#) article.

The screenshot shows the 'Academic Program Detail' form. At the top, it states: 'Modifying an Academic Program (Cohort Start Year, Cohort End Year, Active, or School) after students have been assigned may affect students' participation in the program.' The form contains the following fields:

- *Name:** Text input field.
- Active:** Checkmark (checked).
- *Program Type:** Dropdown menu (selected: CTE).
- State Code (CIP):** Text input field.
- State Reported:** Checkmark (unchecked).
- State Award Code:** Dropdown menu.
- Cluster:** Dropdown menu.
- Flagged:** Checkmark (unchecked).
- Cohort/Graduation Active Start Year:** Dropdown menu.
- Cohort/Graduation Active End Year:** Dropdown menu.
- School:** Dropdown menu.
- Available for selection on portal:** Checkmark (unchecked).
- *Credit Group:** Dropdown menu.
- *Category:** Dropdown menu (selected: CTE).

State Award Code

The State Award Code displays only if a State Award has been assigned to the CTE Program. This code is tied to the program at the program creation level.

If a State Award Code is not selected for the CTE Program, the State Award Code is not visible for Academic Programs at the student level.

Academic Programs

Academic Programs can be added to the student's Programs tab. Academic programs are created in the Academic Programs option in the [Program Admin](#) module. Through Academic Programs, users may add Career Tech Programs and Academic Plans for students; see the [Create Academic Programs](#) article for more information.

Academic Program Detail Fields

Use these fields to set program details for the student. Fields that are specific to Nevada are described below. For more information on all other fields, please see the [Academic Programs \(Academic Planning\)](#) article.
