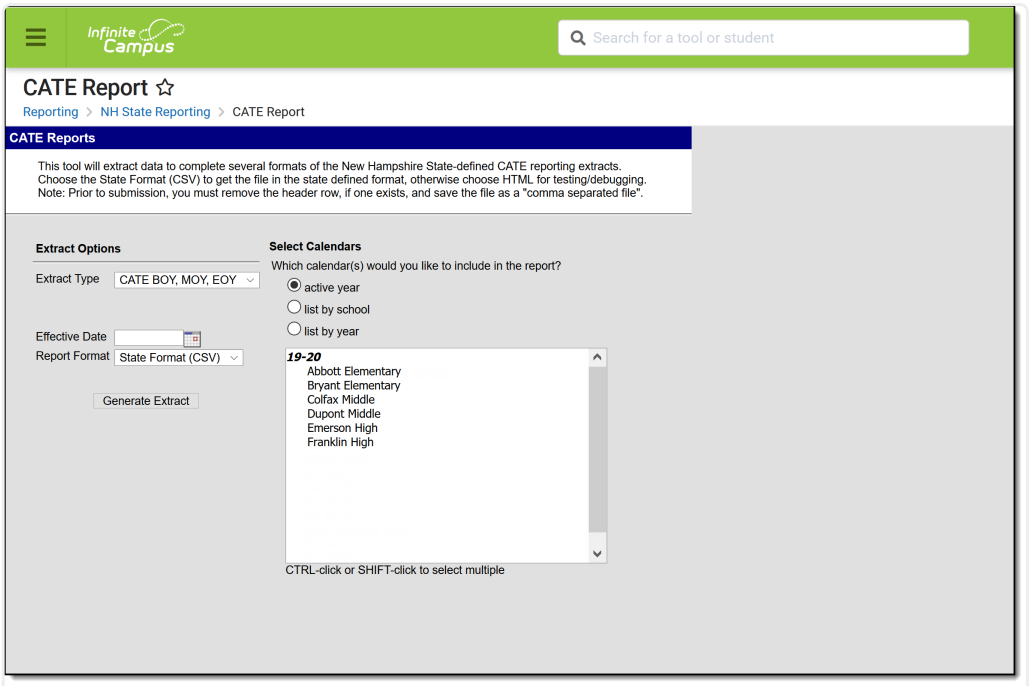
Classic View: NH State Reporting > CATE Report > CATE BOY, MOY, EOY

Search Terms: CATE Report

CATE records currently only have a start date, end date, and CIP code to tie information about the entire CATE program the student is in with the course s/he took that was for that CATE program, as wiell as other enrollment information about the student.



CATE BOY, MOY, EOY Report

Report Logic

Only student's Primary Classification of Instructional Program information reports.

- If Primary CIP is checked, then information from the CATE instance reports.
- If there is more than one instance that has a Primary CIP marked, then the most recent instance reports.
- One primary CATE program reports per student; the CATE program with the most recent start date before or equal to the effective date entered in the extract editor reports.

CATE Entries before the Effective Date do not report.

Generate the Report

1. Select **CATE BOY, MOY, EOY** from the *Extract Type* dropdown.
2. Enter an **Effective Date** by clicking on the Calendar icon and selecting a date or by clicking on the effective date field and manually inputting a date.
