The End of Year Academic Performance Report is generated by all districts after the close of school in June and reports academic data for each student enrolled in the district at any point during the prior school year. This report identifies school and district academic success indicators and evaluated program effectiveness.

End of Year Academic Performance Report

Report Logic

Students who have an enrollment record between the entered start and end date will be included in the report, if the enrollments meet the reporting logic.

- If a Start Date is entered on the Extract Editor, an End Date must also be entered. A warning message displays indicating the need for the End Date.
- If an End Date is entered on the Extract Editor, a Start Date must also be entered. A warning message displays indicating the need for the Start Date.
- If a Start Date or End Date is not entered, the extract will generate for the entire school year

for the selected calendar(s).

Report Editor Options

Data Element	Description
Extract Type	Indicates the type of extract selected. The Extract Type should be set to E-O-Y Academic Performance Report.
Start Date	Beginning date of the student enrollment records. Dates are entered in *mmddyy* format or can be selected by using the calendar icon.
End Date	End date of the student enrollment records. Dates are entered in mmddyy format or can be selected by using the calendar icon.
Ad hoc Filter	Selection of previously made filters that contain specific students to include in the label request.
Report Format	Determines what format the report is generated - in the State Format (CSV) or HTML. Use the HTML format when reviewing data. Use the State Format when submitting the list to the state.
Select Calendars	At least one calendar must be selected in order for the extract to generate. Students in the chosen calendars are included in the extract. Calendars can be selected by the active year, the school or the year.
