## Digital Equity Field Descriptions

**Classic View:** Student Information > Program Participation > State Programs > Digital Equity

**Search Terms:** Digital Equity

The Digital Equity tool allows schools to track digital devices and internet availability for students. More than one record can be added, but records cannot overlap.

See the core [Digital Equity](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Digital Equity records.

The screenshot displays the 'Digital Equity' application interface. At the top, there is a search bar with the placeholder text 'Search for a tool or student'. Below this is the title 'Digital Equity' with a star icon, followed by navigation breadcrumbs: 'Student Information > State Programs > Digital Equity'. A toolbar contains four icons: a plus sign for 'New', a floppy disk for 'Save', a trash can for 'Delete', and a printer for 'Print Summary Report'. The main content area is divided into two sections. The first section, 'Digital Equity Summary', contains a table with two columns: 'Start Date' and 'End Date'. The 'Start Date' column has one entry: '11/23/2020'. The second section, 'Digital Equity Detail', contains several form fields: '\*Start Date' (11/23/2020), 'End Date' (empty), 'Device Type' (1: Chromebooks/laptops), 'Device Owner' (1: Personal, dedicated device), and 'Internet Connectivity' (1: Personal Access). At the bottom of the detail section, it shows 'Modified By: Administrator, System 11/23/2020 09:30 AM' and 'District Defined Elements'.
