The Student Cohort Group Fact Template is used to capture the Career Technical Student Organizations (CTSO) in which students are participating during the school year.

Student Cohort Group Fact Template

This tool extracts data to complete the Student Cohort Group Fact Template. To report, an active Flag with a valid (CTSO) Program State Code selected must be assigned to the student. Choose the State Format to generate the report in the state defined file format; otherwise, choose HTML for testing. As a best practice, do not mark CTSO Flags as State Reported. If the flag is marked as State Reported, the flag will also report in the Programs Fact Template.

Report Logic

- Reports one record per active student's CTSO participation (flag) when active on at least one date in the reporting range.
- To report, the student must be actively enrolled in at least one calendar on at least one date during the reporting range.
- Students are NOT included if

- their enrollment record is marked as State Exclude;
 - their enrollment record is marked as No Show;
 - their Grade Level of enrollment is marked as State Exclude; or
 - their Calendar of enrollment is marked as State Exclude.
- To report, the Flag must have a Program State Code selected where the Standard Code = CTSO.

Recommended Flag Setup

Program Admin > Flags > Flags Editor > Flags Detail

- Make sure the **Active** checkbox is marked.
- DO NOT mark the **State Reported** checkbox. If this checkbox is marked, CTSO flags will be included in the Programs Fact Template.
- Be sure to select a valid CTSO Code from the State Program Code dropdown list.

Student Information > General > Flags > Student Flag Editor > Student Flag Detail

- Select the Flag that is mapped to the CTSO program in which the student is participating.
- Enter the date on which the student starts participating in the CTSO of record during the current school year in the **Start Date** field.
- Enter the date on which the student stops participating in the CTSO of record during the current school year in the **End Date** field.

Report Editor

Field	Description
Submission Schedule	The collection period for the extract.
Start Date	The first day in the date range from which data will report.
End Date	The last day in the date range from which data will report.
Which students would you like to include in the report?	This option allows you to narrow your search results by using one of the following options. <ul style="list-style-type: none"> • Grade - Select a single grade or multiple grades. This is the mapped state grade level code. (CTRL-click or SHIFT-click to select multiple). • Ad Hoc Filter - Select a filter to limit results to students included in the filter.
Format	The format in which the report will generate. Options include State Format (CSV) or HTML .
Select Calendars	The calendar(s) from which data is pulled for the report.
Generate Report/ Submit to Batch	Users have the option of submitting a report request to the batch queue by clicking Submit to Batch instead of Generate Extract . This process allows larger reports to generate in the background, without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article.
