**Search Terms:** Extended Learning (ELO)

An Extended Learning Opportunity is a credit-bearing learning experience that takes place outside the traditional classroom. Use the Extended Learning (ELO) tab to track a student's Extended Learning Opportunities. This tab allows you to add, edit, or delete ELO student records. You may also print a summary of all ELO records for the selected student.

Click **New** to create an ELO record. You may add as many ELO records as necessary for each student.

The screenshot shows the 'Extended Learning (ELO)' interface. At the top, there are navigation tabs: 'Bilingual Education Program (BEP)', 'Community Services', 'Digital Equity', 'Extended Learning (ELO)', and 'K5P'. Below the tabs is a toolbar with icons for 'New', 'Save', 'Delete', 'Print Summary Report', and 'Documents'. A table titled 'Extended Learning (ELO)' contains one record with the following data:

Start Date	End Date	Service Indicator
03/22/2021	03/22/2021	F

Below the table is a form for adding a new ELO record. The form includes the following fields:
