PATH: OH State Reporting > OH Extracts > Student Attributes - No Date Record (FN)

The Ohio Student Attributes - No Date Record (FN) Extract collects various information stored in the State Reporting Fields section of the student Enrollments tab for all students reported in EMIS.

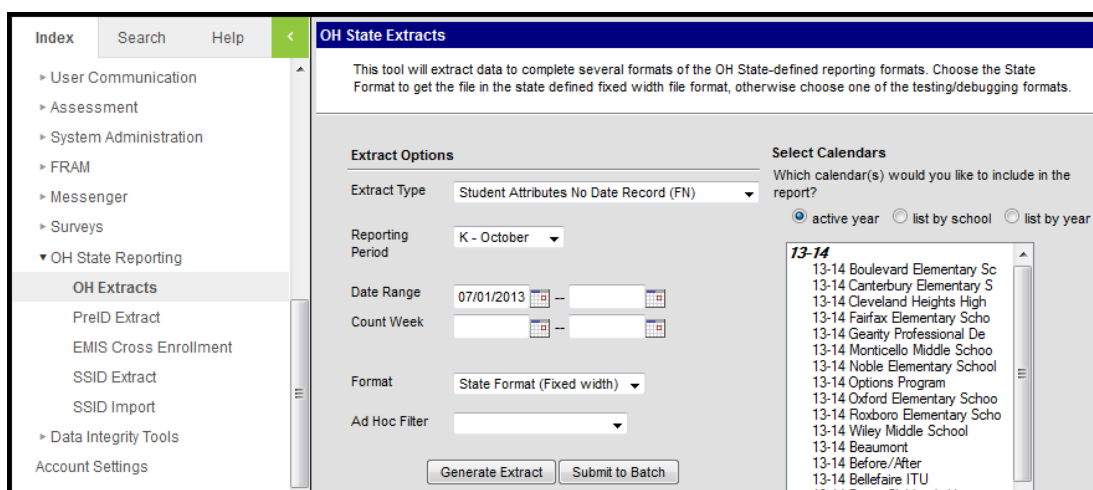

Image 1: Ohio Student Attributes Extract

Report Logic

- If a student has multiple enrollments, a record reports for the enrollment with the highest Student Percent of Time entered in the State Reporting Fields. If this field is equal on two or more enrollments, reports the enrollment with a Service Type of P: Primary. If multiple enrollments have equal Student Percent of Time values and a Service Type of P, reports the most recently created enrollment.
- For the Graduate reporting period, one record should be reported for each student that attended and graduated from the district between the first day of the recently completed school year and the day before the first day of the upcoming school year.
- A record will only report if the student has a Diploma Date within the extract Date Range.

Date Range Logic

Date Range entered by user:

- If the student has an Active Enrollment during the Date Range, report student.
- If the student has an Active Enrollment with a Start Date within the Date Range, report student.
- If the student has an Inactive Enrollment with an End Date within the Date Range, report student.
- If the student has an Inactive Enrollment with Start and End Dates within the Date Range,

report student.

Report Editor

The following table describes the options available in the extract editor.

Extract Field	Description
Extract Type	The type of extract being generated. In this case, select **Student Attributes - No Date Record (FN).**
Reporting Period	Indicates when the report is being submitted. Options are: • A: Assessment • C: Calendar • D: March • G: Graduate • L: Staff/Course • R: Grad Requirement • S: Student
Date Range	The dates which determine which student enrollments will appear on the report, based on the Start and End Dates of enrollments within the selected calendar(s). The first date defaults to 07/10 of the calendar start year.
Format	The format in which the report will generate. Options are *State Format (Fixed width), HTML, CSV* and *XML*. Use HTML, CSV or XML formats for data review and verification and State Format for submission to the State.
Ad hoc Filter	Allows a previously created Ad hoc Filter to be selected that will limit what students appear in the report. Filters are created in the [Filter Designer](#).
Calendar(s)	Students enrolled in the selected calendar(s) will appear in the report.

Generating the Extract

1. Select *Student Attributes - No Date Record (FN)* as the **Extract Type**.
2. Select the **Reporting Period**.
3. Enter a **Date Range** in *mmddyyyy* format or by clicking the calendar icons and selecting dates.
4. Select the **Format** in which the report should generate.
5. Select an **Ad hoc Filter** to control who will appear in the report.
6. Indicate which **Calendar(s)** should appear in the report.
7. Click **Generate Extract** to generate the report in the indicated format or **Submit to Batch** to schedule when the report will generate. If generating multiple extracts at a time (after Campus.1921), requests can only be submitted to the Batch Queue.

Users have the option of submitting a Student Attributes report request to the batch queue by clicking **Submit to Batch** instead of Generate Extract. This process will allow larger reports to

generate in the background, without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the [Batch Queue](#) article.

Majority of Attendance Calculation

If a Majority of Attendance IRN is entered on the student's Enrollment, that value reports. Otherwise, MOA is calculated as follows:

- Enrollment must have a Service Type of P or N and the student must be continuously enrolled from the Count Week End Date to the MOA End Date. An End Date of 3/31/End Year is used for all students. –
  - If any enrollment within the continuous enrollment has an End Status other than ** or null, reports as **********.
  - If student has multiple enrollments from different calendars within the continuous enrollment range and the enrollments have End Statuses = ** or NULL, report **State District Number**.
  - If the student has no End Status entered and is continuously enrolled at the same school, reports as **Building IRN Override**, or as **State School Number** if null.
  - If the student is not continuously enrolled, report **********.
    - The student must have a Percent of Time (greater than 0) that generates membership to report a State School Number of State District Number. If Percent of Time is 0, the student must have a Sent Reason 1 or 2 fo PS, JV, MR, CT, NI, CI, or CE.
