Path: OH State Reporting > OH Extracts > Student Program (GQ)

The Ohio Student Program (GQ) extract reports all programs/services a student is participating in and/or receiving during the corresponding Reporting Period and Date Range. The extract includes programs for students with an active enrollment record during the selected calendar and a null program End Date and/or a program Start Date within the Date Range entered on the extract editor. Programs with an end date within the Date Range entered on the extract editor will report.

There is no limit to the amount of programs in which a student can participate. If a student withdraws from a program during the school year, the program code for the student will still report.

Report Logic

The following report logic is true for each Program type. For all program types, data reports from the most recent Enrollment with a Service Type of P or N.

Program Type	Reporting Logic
Programs Tab	This extract reports all active and inactive programs found during the Date Range entered in the extract editor. Programs with no End Date and programs with an End Date during the Date Range report. Programs must have the State Reported checkbox marked to be included in the report. Only programs with a reporting window that matches that of the Reporting Period selected in the editor will report.

Program Type	Reporting Logic
LEP Services	Reports a record for all LEP Services active at any point during the Date Range entered. Programs with no End Date or that ended within the Date Range are reported. Data reports from the student's most recent enrollment with a Service Type of P or N. To report, an LEP Service program must have a State Service Type of 235012, 235013, 23514, 235015, 235017, 235019, 235021, 235099, 235023, or 235025.
PLP Services	Reports all services found in the extract Date Range where the following is true: <ul style="list-style-type: none"> • PLP is locked. • Most recent enrollment has a Service Type of P or N. • Type of Service is Normal Service. • State Code is not null
Extracurricular/ Intracurricular Programs	Students scheduled into a course with a State Code of 115XXX or 4XXXX are included in the extract.
Course Roster	Reports all student rostered into courses within the Date Range entered on the extract editor that have a Program Code. Students can report based on enrollments with Service Types of P, N, or S.
State Seal Information	Reports a record for each student enrolled (Service Type P or N) in the a selected calendar at least one day during the Date Range entered.

If the district has [configured](#) a vertical reporting connection with [SameGoal](#), data for Special Ed programs report from SameGoal rather than from documents created in Campus.

Report Editor

The following table describes the options available in the extract editor.

Editor Field	Description
Extract Type	The type of extract being generated. In this case, select Student Program (GQ) .

Editor Field	Description
Reporting Period	Indicates when the report is being submitted. Options are: <ul style="list-style-type: none"> • A: Assessment • C: Calendar • D: March • G: Graduate • L: Staff/Course • R: Grad Requirement • S: Student
Date Range	The dates which determine which student enrollments will appear on the report, based on the Start and End Dates of enrollments within the selected calendar(s). The first date defaults to 07/10 of the calendar start year.
Format	The format in which the report will generate. Options are <i>State Format (Fixed width)</i> , <i>HTML</i> , <i>CSV</i> and <i>XML</i> . Use HTML, CSV or XML formats for data review and verification and State Format for submission to the State.
Ad hoc Filter	Select a previously created Ad hoc Filter to limit which students appear in the report. Filters are created in the Filter Designer .
Calendar(s)	Students enrolled in the selected calendar(s) will appear in the report.

Generating the Extract

1. Select the Student Program (GQ) **Extract Type**.
2. Select the **Reporting Period**.
3. Enter the **Date Range** in *mmdyy* format or by clicking the calendar icon and selecting a date.
4. Select the extract **Format**. For submission to the state, select the State Format (Fixed width) option. To review data prior to submitting to the state, select any of the other available options.
5. Select which **calendar(s)** to include within the extract.
6. Select an **Ad hoc Filter**, if applicable.
7. Click **Generate Extract** to generate the report in the indicated format or **Submit to Batch** to schedule when the report will generate. If generating multiple extracts at a time (after Campus.1921), requests can only be submitted to the Batch Queue.

Users have the option of submitting a Student Program report request to the batch queue by clicking **Submit to Batch** instead of Generate Extract. This process will allow larger reports to generate in the background, without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the [Batch Queue](#) article.
