### **PATH:** Student Information > General > Enrollments

The Enrollments tool displays all occurrences of a student's enrollment in the district. Because this is a historical view, many records could be displayed.

By default, enrollment records are first listed by grade level, then by enrollment start date. To reorder the list of enrollments, click the blue hyperlinked headers in the Enrollments Editor list. The list of enrollments can be sorted by Grade, Calendar, Start Date or End Date.

See the core Enrollments article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Enrollment records.
