The CTE Courses Report lists any course that has a CIP Code in the selected calendar.

## Report Logic

Any course that has a CIP Code value entered on the Course editor in the selected calendar reports. A course must be marked as active in order to report; inactive courses, even if there is a CIP Code value for that course, do not report.

The following CTE Data fields on the Course editor and Course Masters editor (if using a Course Catalog) are included in the report. Any value populated on the [Course Master](#) editor displays on the [Course](#) editor.

- CIP Code
- Program Type
- Agreement Higher Ed
- Advanced Stand-In Training
- Post-Secondary Credit Code
- Apprenticeship Code
- Recognized Credential Earned Code
- CTE Sequence

- Concentrator in Sequence

## Report Editor

Field	Description
<b>Extract Type</b>	Indicates which CTE Report generates. For this instance, choose <b>CTE Courses</b> .
<b>Format</b>	The report can be generated in CSV or HTML formats.
<b>Calendar Selection</b>	At least one calendar needs to be chosen in order for the report to generate. If a calendar is selected in the Campus toolbar, that calendar is already chosen. Calendars can be selected by the active year, by school or by year.

## Generate the CTE Programs Report

1. Select the **CTE Courses** options from the **Extract Type** dropdown list.
2. Select the desired **Format**.
3. Select the desired **Calendar** from which to report CTE Course information.
4. Click the **Generate Extract** button. The report displays in the selected format.
