The Enrollment Census Home Address extract collects student address information - mailing information and primary household information - for state reporting. The Enrollment Census Extracts collect various types of student information, including demographics, address and contact information, behavior events and program participation.

*Enrollment Census - Home Address*

## Report Logic

A record is reported for each student's mailing address and primary household address. Students who have an Enrollment Status of W (Summer Withdrawal) are not reported.

## Generate the Home Address Extract

1. Select **Home Address** from the **Extract Type** dropdown list.
2. Enter an **Effective Date** in *mmdyyyyy* format or by clicking the calendar icon and selecting a date.
3. Select the **Format** in which the report should generate. Options are CSV and HTML.
4. If the student's legal name and gender information should report from the Protected Identity Information area, mark the **Report Legal Identities** checkbox.
5. Click **Generate Extract** to generate the report in the desire format.
