Search Terms: Section Student Detail

The Section Student Detail tool allows districts to collect section data on a student-by-student basis that is unrelated to scheduling.

Note: The Section Student Detail tool will be changing/expanding in the future.

See the core [Section Student Detail](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and extracting Section Student Detail records.

Tool Rights

Add data to the Section Student Detail

The Section Student Detail tool only displays when a Section has been selected.

1. Enter the section data for the appropriate students.
2. Click **Save**.

Batch Fill Data

1. Select the **Batch Fill** button. A side panel displays.
2. Enter the appropriate section data for the desired fields.
3. Select the **Include** check box for fields that will be batch filled.
Note: Including a field with no Fill Value will delete existing data.
4. Select the **Fill Empty** or **Fill All** option. Fill Empty will fill all empty fields with the included data. The Fill All option will fill all fields with the included data, regardless if data already exists in a field.
5. Click **Save**.
