The STAAR Alternate 2 Precode Extract is used to assess students with significant cognitive disabilities who have met established participation requirements. Eligible students include those receiving special education services in grades 3 through high school who have the most significant cognitive disabilities and who are unable to participate in the other statewide assessments, even with substantial accommodations and/or modifications.

Texas Precode Extracts

This tool will extract data to complete the Texas Precode Extracts. Use the 4-character Administration Date code supplied by the Precode vendor. Choose the State Format to get the file in the state defined file format, otherwise choose one of the other formats.

For the STAAR ALT and End of Course Precode, select the State Code(s) from the drop list for the desired course(s). All students who are scheduled into a course with a selected State Code on the Effective Date will report.
