## Generating Alternate Formats

The **Version** field on the report editor allows you to generate different formats of the Staff Association Interchange. Options for the Version field include the following:

- **Staff Responsibilities.** (*Submission 1 Only*) When this option is selected ONLY the Staff Responsibilities Extension complex type of the Staff Association Interchange generates.
- **Teacher Section.** (*Submission 3 Only*) When this option is selected ONLY the Teacher Section Association Extension complex type of the Staff Association Interchange generates.
- **All.** When this option is selected, the standard Staff Association Interchange generates.

| <b>TX-StaffRole</b> | <p>1. If the following values are present in the 'Title' (District Assignment) or 'Role ID'(090 section of District Assignment) fields report: values equal to 047 and 087 (Role ID list will populate Title).</p> <p>2. If the Role ID (090 Section of District Assignment) is 047 or 087, report only if Non-Teaching Service ID, Class ID Number, Monthly Minutes, Class Type Code, Population Served and Number of Students in a Class are not blank in the 090 Section of Dist Assignment tab.</p> <p>3. A Teacher, Role ID of 087, AND a Substitute Teacher, Role ID of 047, can be reported when manually built in the 090 Section of District Assignment. A teacher OR Substitute teacher to report from the 090 Section does not need an Active Course or students enrolled in the course to report. It needs the required fields completed, see above, to report.</p> <p>4. On the District Assignment screen, the Title field can have Teacher displayed AND Substitute Teacher displayed, with active courses and students enrolled into the courses, AND a 090 Section completed with a Role ID of 087 OR 047. This would report two 087 Role IDs OR two 047 Role IDs on the extract.</p> <p><b>Submission:</b><br/>CRF / CRW</p> <p><i>Coded, 3 digits</i></p> | Census > People > District Assignment > Title (Role ID) |
