Report Editor

Field	Description
Report	Selection determines which report generates. In this instance, select Credit Summary .
Format	The Override Audit report can be generated in PDF (default), DOCX, Comma Separated (CSV) or HTML.
Hide student's first and last name	When marked, student names are not printed on the extract.
Transcript Records	<ul style="list-style-type: none"> • Current Year When this option is selected, students report when their transcript record meets the reporting criteria and the School Year on the Transcript record is in the School Year of the selected Calendar • All Years Reports students with transcript records that meet the reporting criteria and where the School Year on the Transcript record is in any year.
Grade Selection	Only those students enrolled in the selected grade level report (grades 07-12 or TT only).
Ad Hoc Filter	Instead of selecting students by grade level, an ad hoc filter can be chosen. Only those students in the selected filter who meet the reporting requirements of the report are included.
Report Generation	Click the Generate Extract button to display results of the report immediately. Use the Submit to Batch button to choose when the report should generate (best for large selections of students). See the Batch Queue article for more information.
