The student has a EL Program Status = 'Exited EL' and the First Year Monitoring or Second Year Monitoring dates overlap a configured year. Use today's date to determine their status. Use the Program Exit date as the start date and the First Year Monitoring date as the end date to determine the student's status. Use the day after the First Year Monitoring date as the start date and the Second Year Monitoring date as the end date to determine the student's status. Do not send a record if the student's Second Year Monitoring date is before the configured year. Do not send records if the Calendar Exclude or Summer School Exclude check box is checked in the calendar the student is enrolled or the calendar is in a School marked Exclude.
