Object Triggering Logic

This table describes logic for triggering syncing of this object.

Action	Trigger
Post	<p>Reports when a Behavior Resolution is added to an incident that is marked as Complete and is aligned to a reported Behavior Event.</p> <ul style="list-style-type: none"> • Only report when role is mapped to the Ed-Fi Value: Perpetrator. • There is a resolution that is mapped to an Ed-Fi Value • Do not send if the student's enrollment is marked with any of the following: <ul style="list-style-type: none"> ◦ No Show ◦ State Exclude ◦ WISE Exclude ◦ Parent Placement Pri. School = Yes ◦ School Override set to a different School from enrollment school • Do not send if the calendar is marked Summer School. • Do not send if the calendar is marked as exclude. • Do not send if the student is in a School marked as Exclude. • Only send a record if the Ed-Fi Config profile = Public. • Only send a record if the students State Enrollment Type = Primary. • Do not send if the student is in a calendar marked as Exclude. • Do not send if the student is in a School marked as Exclude. • Report a separate record for each qualifying Resolution, even if they are attached to the same Student/ Participant. • Do not send a record for students who do not have an active locked IEP during the incident and resolution when they have a mapped discipline action (behavior resolution) <> OS, EX or ES (Ed-Fi codes 02, 03, and 04). <ul style="list-style-type: none"> ◦ If the Resolution is mapped to IS: In-School Suspension, only report if the student has a locked IEP that overlaps the date of the Incident and the SPED Exit Date is NULL or after the date of the incident.
Put	When any field not part of the Natural Key is changed.
Delete/Post	<p>When data that is part of the Natural Key is changed.</p> <ul style="list-style-type: none"> • If the resolution date is changed do a delete and post.
Delete	<p>When the student's enrollment is no longer reportable; marked</p> <ol style="list-style-type: none"> 1. No Show 2. State Exclude 3. WISE Exclude 4. Parent Placement Pri. School = Yes 5. School Override set to a different School from enrollment school 6. State Enrollment type is changed to not = Primary
Delete	When the participants are removed or Role is changed so there is no longer a perpetrator.
Delete	If the Discipline Action is deleted or modified so it is no longer eligible to report.
Delete	When the student's Student School Association is deleted.
Delete/Post	<p>When the Incident's status is changed.</p> <ul style="list-style-type: none"> • Delete when the status is changed from Completed to In Progress. • Post when the status is changed from In Progress to Completed.

School Exclude, Calendar Exclude, Resource Toggle and Resync Logic

This table describes the School Exclude, Calendar Exclude, Resource Toggle and Resync logic of this object.

Action	Trigger
None	If a resource is toggled to 'OFF' after data has sent, all sent data will remain in the ODS but no new data will send.

Action	Trigger
Resync	If a record is in the Ed-Fi Identity Mapping table and not in the ODS, it will be deleted from the Ed-Fi Identity Mapping table.
Resync	If a record is in the ODS and it does not have a matching record in Campus or the Ed-Fi Identity Mapping table, it will be deleted from the ODS.
Resync	If a mapping is changed in Resource Preferences, a resync will need to be done to reflect the changes.

Natural Key Changes, Cascading Updates, and Deletes Logic

This table describes the Natural Key Changes/Cascading Updates and Deletes logic of this object.

Action	Trigger
Post/Delete	Natural Key changes: <ul style="list-style-type: none"> If an Ed-Fi ID changes, this will happen with the cascading deletes from the Ed-Fi ID Change trigger. If the Discipline Date changes.

Scope Year Logic

This table describes scope year logic of this object.

Logic
Discipline records will only send to the school year they are aligned to.
Data will only send for the years that have valid configuration.

disciplineActionLength	<p>The length of time in school days for the Discipline Action (e.g. removal, detention), if applicable. We must gather information to the 1/2 day. School days removed should be submitted in half-day increments. Do not count removals for less than 1/2 of a school day. For any removal of 1/2 school day in length or longer, round up to the nearest 1/2 day increment. For example, removals of 1/3 day would not be counted, 2/3 day would round up to 1.0, 1.2 days would round up to 1.5 days, etc. Under rare circumstances, zero may be valid for an expulsion. Do not count removals for less than 1/2 of a school day. Expulsions may have length of 0 or greater. All other disciplines must have 0.5 or greater; do not round up to 0.5 for these other disciplines.</p>	<ol style="list-style-type: none"> If the Resolution type is NOT mapped to EX (Expulsion) or ES (Expulsion with Services): <ul style="list-style-type: none"> Report the Duration in School Days. If Duration = 0 or NULL or < .5 days, do NOT generate a Discipline Actions record from this Resolution. If Duration is > .5 days round to the nearest .5 day. Example: 2/3 day would be 1, 1.2 days would be 1.5 days. Discipline Descriptor	<p>In-School Suspension- Non-disabled student given in-school suspension. Discipline information for this student should not be submitted to WISEdata. IAES Removals - IAES by School Personnel and IAES by Hearing Officer are given only to disabled students, therefore we should never receive IAES removals for students who are not disabled.</p> <p>Note - Only submit out of school suspension and expulsion data for non disabled students.</p> <p>Ed-fi allows one to many relationships. This is being modified to allow only 1 per discipline action. For ed facts reporting we must gather the following elements for each and every discipline (removal): discipline action length, action length difference, and for expulsion the set of extended fields. Expulsion and Expulsion with Services are separate ed-fi types, so this single element gathers removal type and services provided during expulsion.</p> <p>Multiple disciplineActions can be submitted for the same student associated to one disciplineIncident by submitting different disciplineIdentifier.</p>	1.
