## Object Triggering Logic

The tables below describe the logic for triggering syncing of this object. Expand one of the areas below to see full requirements:

Action	Trigger
Post	<p>When an Eligibility Report Eval with an Evaluation Type of Initial is created and locked with an Eligibility Determination Date that falls within the configuration year:</p> <ul style="list-style-type: none"> <li>• The locked Eligibility Report Eval Eligibility Determination Date must overlap the enrollment.</li> <li>• Report a record based on the student's enrollment type: <ul style="list-style-type: none"> <li>◦ If the student has multiple enrollments in the same district, and they overlap in any way, report based on primacy: <ul style="list-style-type: none"> <li>▪ State Enrollment Type = P: Primary</li> <li>▪ State Enrollment Type = PPP</li> <li>▪ Enrollment Service Type = P: Primary</li> <li>▪ Enrollment Service Type = N: Special Ed</li> </ul> </li> <li>◦ If the enrollment record is marked State Exclude or WISE Exclude AND 'Eval Only Student' is checked, send a SSEPEA record along with a Student Education Organization Responsibility Associations record. <p><b>Note:</b> This is for students who are technically not enrolled or attending the district. This includes homeschooled, private school students, and 0-3 year old students who are just being evaluated.</p> </li> <li>◦ If the student has an enrollment marked as No Show, do not send a record.</li> <li>◦ Do not send a student record for an enrollment that is marked as State Exclude, No Show, or WISE Exclude unless the 'Eval Only Student' checkbox is checked.</li> </ul> </li> <li>• If Ed-Fi Configuration Profile = Choice OR Choice + Private Opt In, do not send a record.</li> <li>• Do not send a record if enrollment is in a calendar marked as State Exclude or Summer School or if the calendar is in a School marked Exclude.</li> <li>• Post a record for each unique, locked Eligibility Report Eval with an Evaluation Type = Initial with all data fields reporting from the same Eval.</li> </ul>
Post	<p>Post a new record when a new Eligibility Report Eval record is created and locked with an Evaluation Type of Initial.</p> <p><b>Note:</b> Eval Eligibility Determination Dates cannot overlap</p> <ul style="list-style-type: none"> <li>• When the locked Eligibility Report Eval overlaps multiple school years, report 1 record based on the Consent Date.</li> </ul>
Post/Delete	<p>When a locked Eligibility Report Eval is edited and re-locked with a change to any of the fields not part of the natural key.</p>

Action	Trigger
Post/Delete	When a School Override is set on Enrollment.
Delete	When an Eligibility Report Eval is deleted for a student.
Delete	When an Eligibility Report Eval is unlocked for a student.
Delete	When an enrollment is deleted that triggered a SSEPEA record or the enrollment is marked No Show and Eval Only Student is checked.
Delete	When an enrollment is deleted or the enrollment is marked No Show or the 'Eval Only Student' is unchecked: <ul style="list-style-type: none"> <li>DELETE on /studentEducationOrganizationResponsibilityAssociation Then DELETE on /studentSpecialEducationProgramEligibilityAssociation</li> <li>LEAs should not be able to delete SEORA when there is a SSEPEA and no other SSA in the LEA.</li> </ul>
Delete	If the Eligibility Report Eval Eligibility Determination Date OR the Enrollment Start or End Dates have been updated so the locked Eval and Enrollment no longer overlap, delete the record if one was created. <ul style="list-style-type: none"> <li>When a student has two enrollments in the same school for the same start date, record changes with lower priority will not trigger a delete.</li> </ul>

## Resource Toggle/Resync

Action	Business Rule
None	If a resource is toggled to 'OFF' after data has sent, all sent data will remain in the ODS but no new data will send.
Resync	If a record is in the Ed-Fi Identity Mapping table and not in the ODS, it will be deleted from the Ed-Fi Identity Mapping table
Resync	If a record is in the ODS and it does not have a matching record in Campus or the Ed-Fi Identity Mapping table, it will be deleted from the ODS.
Resync	If a mapping is changed in Resource Preferences, a resync will need to be done to reflect the changes.
Resync	If Student Special Education Program Eligibility Association is toggled off, do not delete records from this resource in the State ODS when resyncing

## Natural Key Changes/Cascading Updates, Deletes

Action	Business Rule
Post/Delete	Natural Key changes:
	LEA Reference - District Numbers cannot change after data has been sent. If a district number changes, we would expect an Ed-Fi error and this change would not be supported.
	If an Ed-Fi ID changes, a delete/post will occur with the cascading deletes from the Ed-Fi ID Change triggers.
	If the Consent to Evaluation Received Date changes the resource will delete/repost

## Scope Year

### Business Rules

When a new Eligibility Report Eval is created and locked, the record will report in the Scope Year that the Eligibility Determination Date overlaps with:

- The Begin Date must be on or before the School Year End Date. If School Year End Date is NULL, 6/30/XXXX will be used as the default date.
- Data will only send for the years that have valid configuration.

When the record is triggered from enrollments with 'Eval Only Student' checked, the record will send to the scope year for the school year the enrollment is associated with:

- Data will only send for the years that have valid configuration.

## Object Data Elements
