Search Terms: School Performance Report

The Post-Graduation Follow-Up Report collects data about twelfth grade students and their projected plans following high school graduation. These plans are reported by ethnicity and gender. Information is collected over the entire school year and should be submitted to DPI by June 30. Data must be locked in and submitted to the Department of Public Instruction by this date.
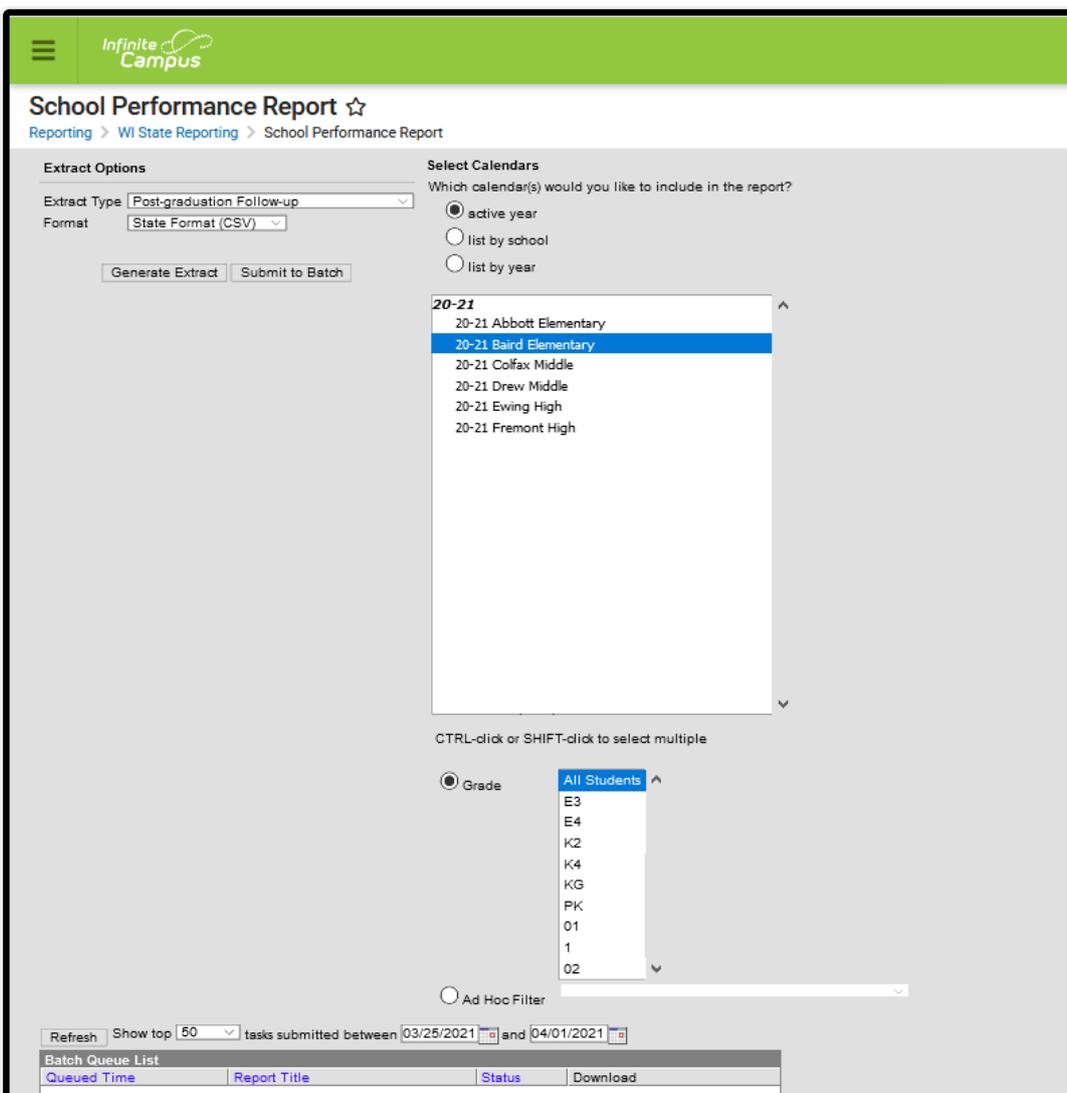

Post-Graduation Follow Up

Report Logic

The Post-Graduation Follow-Up requires the following information in the reporting calendar in order to be included:

- The Grade Level of Enrollment must be a State Grade Level of 12 (*Student Information > General > Enrollments > General Enrollment Information > Grade*).
- The Diploma Date field is populated with the date of graduation (or last day of school) (*Student Information > General > Graduation > Diploma Date*). The enrollment that is reported must be active on the Diploma Date. If there are no enrollments active on the diploma date, the enrollment with the most recent end date reports; if there are multiple enrollments with the same enrollment type, the enrollment that has a School Override Field populated reports. Otherwise, the enrollment with the lowest enrollment ID reports.
- The Post Grad Plans field is populated (*Student Information > General > Graduation > Post Grad Plans*)

Excluded Students

Students are not included in this report when:

- Their enrollment record is marked as No Show or is marked as State Exclude.
- They are enrolled in a grade level marked as State Exclude.
- They are enrolled in a calendar marked as State Exclude.

Report Editor

Data Element	Description
Extract Type	Indicates which SPR Extract is being generated. For this instance, choose the **Post-Graduation Follow-Up** option.
Format	Determines how the report is generated. Options are: • State Format (CSV) (see Image 2) • HTML (see Image 3) • Detail Format (CSV) (see Image 4) • Detail Format (PDF) (see Image 5)
Calendar	Indicates which school and year is being reported. Calendars can be selected by active year, school name or by year.
Student Selection	Select students to include on the report by choosing either a **Grade** level of enrollment for the students or an **Ad hoc Filter**. • To include students in all grade levels, choose **All Students** in the Grade Level options. • Selecting an existing ad hoc filter reports only those students or courses included in those filters, if they meet the reporting requirements of the report.

Data Element	Description
Report Generation	Use the **Generate Extract** option to immediately produce the report. Or, use the **Submit to Batch** option to choose when the report should generate. This option is helpful when the amount of data being returned is large and could tax the server. Choosing a time after normal school hours may be best. See the Batch Queue article for more information.

Generate the Report

1. Select the **Post-Graduation Follow-Up** option from the **Extract Type** dropdown list.
2. Select the **Format** in which to generate the report.
3. Select the **Calendars** to include in the report.
4. Select the students to include in the report by choosing either a **Grade** level or an **Ad hoc Filter.**
5. Click the **Generate Extract** button to display the report immediately, or use the **Submit to Batch** button to determine when the report should generate. The report displays in the selected format.

Sample images of each format type are included in the Report Layout sections.

HTML and State Format Report Layout

The HTML and State Formats meet the reporting needs as defined by DPI. The State Format is the only format that should be submitted to the state and does not include any column headers.

Post-Graduation Follow Up - HTML Format

Data Element	Description	Location
School Code	Reports the number of the school associated with the student's most recent enrollment. If the School Override field is populated on the student's enrollment record, that number populates on the report. *Numeric, 4 digits*	System Administration > Resources > School > School Number School.number Student Information > General > Enrollments > State Reporting Fields > School Override Enrollment.schoolOverride
Race/Gender Code	Indicates the reported students as being Pacific Islander, Asian, Black, White or Hispanic and notes if the student was male or female. Values report as follows: • IM - American Indian or Alaskan Native Male • IF - American Indian or Alaskan Native Female • AM - Asian Male • AF - Asian Female • BM - Black Male • BF - Black Female • WM - White Male • WF - White Female • HM - Hispanic Male • HF - Hispanic Female • TM - Two or more races Male • TF - Two or more races Female *(R/E) Alphanumeric, 2 characters* *(G) Alphanumeric, 1 character* *(M or F)*	Census > People > Demographics > Race/Ethnicity Identity.raceEthnicity Census > People > Demographics > Gender Identity.gender

Data Element	Description	Location
Post Graduation Plans	Reports the value of the student's assigned post-graduation plan. Options are: • 1T - Job Training Program • 2V - Vocational/Technical College • 4Y - Four Year College or University • MI - Military • EP - Employment • SE - Seeking Employment • OT - Other • UD - Undecided • NR - No Response *Alphanumeric, 2 characters*	Student Information > General > Graduation > Post Graduation Plans Graduation.postGradPlans
Count	Total number of all students who have the specified post graduation plan for the specified race/gender combination. *Numeric, 3 digits*	Calculated value, data not stored

Detail CSV Format

The Detail CSV Format is provided to aid users in data analysis and troubleshooting. This format is not submitted to the state. Data is sorted in the following order:

- Last Name
- First Name
- State ID

Post-Graduation Follow-Up - Detail CSV Format

Data Element	Description	Location

Data Element	Description	Location
School Code	District-assigned school number for the calendar selected in the extract editor. If the School Override field is populated on the student's enrollment record, that school number displays on the report. *Numeric, 4 digits*	System Administration > Resources > School > Number School.number Student Information > General > Enrollments > State Reporting Fields > School Override
School Name	Displays the name of the school. If the School Override number does not correspond to a number in the district, a blank value reports for the school name. *Alphanumeric, 40 characters*	System Administration > Resources > School > Name School.name
WSN	Displays the assigned state ID for the student. *Numeric, 10 digits*	Census > People > Demographics > Person Identifiers > Student State ID Person.stateID
Person ID	Displays the Campus assigned person ID for the student. *Numeric, 10 digits*	Census > People > Demographics > Person Information > Person ID Identity.personID
Last Name	Reports the student's last name. *Alphanumeric, 40 characters*	Census > People > Demographics > Person Information > Last Name Identity.lastName
First Name	Reports the student's first name. *Alphanumeric, 35 characters*	Census > People > Demographics > Person Information > First Name Identity.firstName
Middle Name	Reports the student's middle name. *Alphanumeric, 30 characters*	Census > People > Demographics > Person Information > Middle Name Identity.middleName
Enrollment Status	Reports the Service Type associated with the enrollment record. *Alphabetic, 1 character (P, S, N)*	Student Information > General > Enrollments > General Enrollment Editor > Service Type Enrollment.serviceType

Data Element	Description	Location
Race Code	Reports the student's race/ethnicity code as follows: • American Indian or Alaskan Native = I • Asian = A • Black = B • White = W • Hispanic = H • Two or More Races = T *Alphanumeric, 1 character*	Census > People > Demographics > Person Information > Race/Ethnicity Identity.raceEthnicity
Gender	Reports the student's gender as either M(ale) or F(emale). *Alphanumeric, 1 character*	Census > People > Demographics > Person Information > Gender Identity.gender
School Override	Reports the School Override Number, if populated. If it is not populated, a blank value reports. *Numeric, 4 digits*	Student Information > General > Enrollments > State Reporting Fields > School Override Enrollment.schoolOverride
Diploma Date	Reports the date the student received a high school diploma. *Date field, 10 characters (MM/DD/YYYY)*	Student Information > General > Graduation > Diploma Date Graduation.diplomaDate
Post Grad Plans	Reports the value of the student's assigned post-graduation plan. Options are: • 1T - Job Training Program • 2V - Vocational/Technical College • 4Y - Four Year College or University • MI - Military • EP - Employment • SE - Seeking Employment • OT - Other • UD - Undecided • NR - No Response *Alphanumeric, 2 characters*	Student Information > General > Graduation > Post Graduation Plans Graduation.postGradPlans

Detail PDF Format

The Detail PDF Format is provided to aid users in data analysis and troubleshooting in a printable format. This format is not submitted to the state. Data is sorted in the following order:

- Last Name
- First Name
- Student Number

Students who have an active school override are marked with an asterisk next to their name.

Post-Graduation Follow Up - Detail PDF Format

Data Element	Description	Location
Name	Reports the student's last name, first name and middle initial *Alphanumeric, 40 characters*	Census > People > Demographics > Person Information > Last Name, First Name, Middle Name Identity.lastName Identity.firstName Identity.middleName
Student Number	Displays the assigned state ID for the student. *Numeric, 10 digits*	Census > People > Demographics > Person Identifiers > Student State ID Person.stateID
Person ID	Displays the Campus assigned person ID for the student. *Numeric, 10 digits*	Census > People > Demographics > Person Information > Person ID Identity.personID
Race Ethnicity	Reports the student's race/ethnicity code as follows: • American Indian or Alaskan Native = I • Asian = A • Black = B • White = W • Hispanic = H • Two or More Races = T *Alphanumeric, 1 character*	Census > People > Demographics > Person Information > Race/Ethnicity Identity.raceEthnicity

Data Element	Description	Location
Gender	Reports the student's gender as either M(ale) or F(emale). *Alphanumeric, 1 character*	Census > People > Demographics > Person Information > Gender Identity.gender
Diploma Date	Reports the date the student received a high school diploma. *Date field, 10 characters (MM/DD/YYYY)*	Student Information > General > Graduation > Diploma Date Graduation.diplomaDate
Post Grad Plans	Reports the value of the student's assigned post-graduation plan. Options are: • 1T - Job Training Program • 2V - Vocational/Technical College • 4Y - Four Year College or University • MI - Military • EP - Employment • SE - Seeking Employment • OT - Other • UD - Undecided • NR - No Response *Alphanumeric, 2 characters*	Student Information > General > Graduation > Post Graduation Plans Graduation.postGradPlans
