Search Term: *Graduating Student Extract*

The WDE-950 Graduating Student Extract is a student level extract that collects transcript data for all Wyoming graduating students. The report is used for state level analysis and as a guide for ongoing review of Hathaway Scholarship Program (HSP) eligibility requirements and current participants. The extract can be generated in four different extract types: Student Data, Courses, Test and Immunizations.

Image 1: WDE-950 Extract Editor

Report Logic

All extract types respect State Exclude for enrollments, calendars and grade levels. To report, a student must have at least one transcript record in grades 9-12 and a WISER ID number.

Student Data File
- Reports one record per student for the most recent Primary enrollment in a selected calendar.
- Records are sorted by school and then alphabetically by student last name.
- If a student enrollment is marked as "State Exclude" or "No Show," reports the previous Primary enrollment.

Courses File

- Reports one record per grade 9-12 course on a student's transcript.
- Records are sorted by school and then by WISER ID.
- Does not report a record for a transcript entry when the Standard Name is not null.
- With the release of Campus.1717. Courses marked as State Exclude are not reported.

Tests File

- Reports one record for each National Test/Assessment record attached to a student.
  - Records that do not have a value to report in Test Score will not report.
- Sorts records by school and then by WISER ID.
- WorkKeys assessments are determined by the National Code or the State Code (as of Campus.1909).
- If the student does not have an ACT or WorkKeys assessment, reports one record with a Test Type of NoACTorWorkKeys.

Immunizations File

- Reports one record per immunization record per student.
- Records are sorted by school and then by WISER ID.

If **Graduated Seniors, Previous Year** is selected as a **Grade** in the extract editor, only students report who have:

- A Diploma Date entered that is on or before 09/15 in the selected calendar
- A Primary enrollment in grade 12 in the previous year.

Extract Types

Extract Type	Description
Student Data	The Student Data extract type includes basic student demographics and enrollment data.
Courses	The Courses extract type reports data for the courses the student has completed.
Tests	The Tests extract type includes basic information about assessments the student has taken.
Immunizations	The Immunizations extract type reports vaccine compliance information for the student.

Generating the Extract

1. Select the **Extract Type** being generated. See options in the Extract Types table above.
2. Select the **Format** in which the report should generate. Options are:
   - Use **HTML** format for data review and verification.
   - Use **State Format (CSV)** for submission to the state.

3. Mark the **Include Class Rank** checkbox if class rank should be included in the report. This option is only available when generating the Student Data Extract Type.
4. Indicate if Demographics fields should **Report Student Legal Identities**.
5. Select which **Grades** should be included in the report. Use Shift and CTRL keys to select multiple grade levels.
6. Select an **Ad hoc Filter** if individuals included in the report should be limited.
7. Select the **Calendar(s)** that should be included in the report.
8. Click **Generate Report** to view the report in the selected format or **Submit to Batch** to schedule when the report will generate.

Users have the option of submitting a WDE-950 report request to the batch queue by clicking **Submit to Batch** instead of Generate Extract. This process allows larger reports to generate in the background, without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article.

Extract Layouts

The following sections described the fields reported for each extract type.

Student Data Extract Type

If the **Report Student Legal Identities** is marked, Demographics fields report from Census > People > Identities > Active Identity > Protected Identity Information

Element Name	Description & Format	Campus Location
Last Name	The student's last name. *Alphanumeric, 35 characters*	Census > People > Demographics > Last Name Identity.lastName
First Name	The student's first name. *Alphanumeric, 25 characters*	Census > People > Demographics > First Name Identity.firstName
Middle Name	The student's middle name. *Alphanumeric, 15 characters*	Census > People > Demographics > Middle Name Identity.middleName
Name Suffix	The student's generation indicator, such as Jr. *Alphanumeric, 8 characters*	Census > People > Demographics > Suffix Identity.suffix
Street	The street number and name of the student's address. *Alphanumeric, 30 characters*	Census > People > Households > Primary Household > P.O Box, Number, Prefix, Street, Tag, Direction Address.postOfficeBox Address.number Address.prefix Address.street Address.tag Address.dir
Apt Num	The apartment number of the student's residence. *Alphanumeric, 5 characters*	Census > People > Households > Primary Household > Apt Number Address.apt

Element Name	Description & Format	Campus Location
City	The city in which the student's address is located. *Alphanumeric, 25 characters*	Census > People > Households > Primary Household > City Address.city
State	The abbreviation of the state in which the student's address is located. *Alphanumeric, 2 characters*	Census > People > Households > Primary Household > State Address.state
Zip Code	The zip code of the student's address. *Numeric, 5 digits*	Census > People > Households > Primary Household > Zip Code Address.zip
Phone	The phone number of the student's primary household. *Numeric, 10 digits*	Census > Households > Household Info > Phone Number Address.phone
Birth Date	The student's date of birth. *Date field, 8 digits YYYYMMDD*	Census > People > Demographics > Birth Date Identity.birthDate
Grade Level	The grade level of the student's current enrollment. *Numeric, 2 digits*	Student Information > General > Enrollments > Grade Enrollment.grade
Gender	The student's gender. *Alphanumeric, 1 character M or F*	Census > People > Demographics > Gender Identity.gender
Student Num	The locally-maintained student identification number. *Alphanumeric, 10 characters*	Census > People > Demographics > Person Identifiers > Local Student Number Person.studentNumber
WISER ID	The student's state identification number. *Alphanumeric, 10 characters*	Census > People > Demographics > Person Identifiers > Student State ID Person.stateID

Element Name	Description & Format	Campus Location
School District Name	The name of the school district in which the student is enrolled. *Alphanumeric, 25 characters*	System Administration > Resources > District Information > Name District.name
School Name	The name of the school in which the student is enrolled. If the Resident School selected on the student's most recent Primary enrollment matches the State School Number, reports the Name of the school. Otherwise reports as blank. If Resident School is blank, reports the Name of the school of the student's most recent Primary enrollment. *Alphanumeric, 25 characters*	System Administration > Resources > School > Name School.name
School Street	The street address of the school reported for School Name above. *Alphanumeric, 30 characters*	System Administration > Resources > School > Address
School Apt	The apartment or suite number of the school's address. Reports as blank.	
School City	The city in which the school reported for School Name is located. *Alphanumeric, 30 characters*	System Administration > Resources > School > City School.city
School State	The abbreviation of the state in which the school reported for School Name is located. *Alphanumeric, 2 characters*	System Administration > Resources > School > State School.state
School Zip	The zip code of the school's address. *Numeric, 5 digits*	System Administration > Resources > School > Zip School.zip
School Phone	The phone number of the school reported for School Name above. *Numeric, 10 digits*	System Administration > Resources > School > Phone School.phone

Element Name	Description & Format	Campus Location
School District URL	The school's website. Reports for the school reported for School Name above. *Alphanumeric, 50 characters*	System Administration > Resources > School > URL School.url
State ID	The state identification number of the school. *Numeric, 7 digits*	System Administration > Resources > School > number School.number
Grad Date	The date the student received a diploma. If a Diploma Date is entered for the student, reports Graduation Date. If the Diploma Date is blank and the student is in grade 12, reports as n/a. Otherwise reports blank. *Date field, 8 digits YYYYMMDD*	Student Information > General > Graduation > Diploma Date Graduation.diplomaDate
Endorsement Type	The type of Hathaway Scholarship certification earned by the student. Options are: • General: when Transcript Endorsement is 90: General Endorsement • Comprehensive: when Transcript Endorsement is 91: Comprehensive Endorsement • Advanced: when Transcript Endorsement is 92: Advanced Endorsement • null: when Transcript Endorsement is null and Diploma Date is on or before the current date • Pending: when Transcript Endorsement is null and Diploma Date is after the current date. *Alphanumeric, 30 characters*	Student Information > General > Graduation > Transcript Endorsement, Diploma Date Graduation.diplomaType Graduation.diplomaDate

Element Name	Description & Format	Campus Location
Success Curriculum Level (previously Scholarship Award Level)	The initial level of the Hathaway Scholarship earned based on Hathaway Success Curriculum courses completed. Reports as follows: • C or CW: Provisional Opportunity • H, HW, P, PW: Honors/Performance • O or OW: Opportunity • N, NW, or blank: None *Alphanumeric, 30 characters*	Student Information > General > Graduation > Transcript Endorsement Graduation.diplomaType
Success Curriculum Waiver	When Success Curriculum Level reports as CW, HW, PW, OW, or NW, reports as **Y**. Otherwise reports as **N**. *Alphanumeric, Y or N*	Not dynamically stored.
GPA Unweighted	The total unweighted grade point average earned by the student. Reports all unweighted GPA values across all courses on the student's transcript from grades 9-12 divided by the total credits earned from grades 9-12. *Decimal, 3 digits X.XX*	Student Information > General > Transcript > Unweighted AND Student Information > General > Credit Summary > Total Not dynamically stored
GPA Weighted Hathaway	The total weighted grade point average earned by the student during grades 9-12. *Decimal, 3 digits X.XX*	Student Information > General > Credit Summary > Cumulative GPA Not dynamically stored
Credit Earned	The number of credits the student has earned for completing courses included in this transcript during grades 9-12. *Decimal, 3 digits X.XX*	Student Information > General > Transcript > Credit (total) Not dynamically stored
Class Size	The total number of students in the student's graduating class. Calculated from all students who have the same State Grade Level as the student. *Numeric, 4 digits*	Calculated, not dynamically stored

Element Name	Description & Format	Campus Location
Class Rank	The academic rank of the student in relation to his or her graduating class. *Numeric, 4 digits*	Student Information > General > Credit Summary > Rank Not dynamically stored
Rank Date	The month, day and year on which the class rank was determined. When Diploma Date, Enrollment End Date or Calendar End Date is the current date, reports the current date. Otherwise, reports Diploma Date, then Enrollment End Date, then Calendar End Date.	Student Information > General > Graduation > Diploma Date OR Student Information > General > Enrollments > End Date OR System Administration > Calendar > Calendar > End Date Not dynamically stored
Birth City	The city in which the student was born. *Alphanumeric, 30 characters*	Census > People > Person Information > Birth Place Identity.birthCity
School Entry Date	The date the student entered the school. Reports the start date of the first enrollment in the current school with no break in enrollment. *Date field, 8 digits YYYYMMDD*	Student Information > General > Enrollments > Start Date Enrollment.startDate
English Proficiency	Indicates whether the student is proficient in English. Reports as **Y** if the student has an EL record active during the calendar with a EL or Exited EL. Otherwise reports as **N**. *Alphanumeric, 1 character*	Student Information > Program Participation > English Learners (EL) > Identified Date, Program Exit Date LEP.identifiedDate
Foreign Language Proficiency	When Foreign Language Proficiency is marked, reports as **Y**. Otherwise reports as **N**. *Alphanumeric, 1 character*	Census > People > Demographics Identity.foreignLanguageProficiency

Element Name	Description & Format	Campus Location
Credit Attempted	The total number of credits attempted by the student in grades 9-12. If the GPA Value and UnWeighted GPA values on the transcript are null, the score assigned to the student reports if mapped to a State Score that is not W, AU, or null. The transcript record links back to the Score Group for the credit associated with the transcript record to be included in this field. If Credit Earned is higher than Credit Attempted, Credit Attempted reports the Credit Earned value. *Decimal, 3 digits X.XX*	Calculated from Student Information > General > Transcript > Course (edit) > Transcript Credit > Earned/Attempted Calculated, not dynamically stored
GPA Credit Earned	The total number of credits earned and used to calculate GPA. *Decimal, 3 digits X.XX*	Student Information > General > Credit Summary > Total Calculated, not dynamically stored
GPA Quality Points	The total value of quality/bonus points used to calculate GPA. *Decimal, 3 digits X.XX*	Calculated from Student Information > General > Transcript > Course (edit) > Bonus Points Calculated, not dynamically stored

Courses Extract Type

Element Name	Description & Format	Campus Location
WISER ID	The student's state identification number. *Alphanumeric, 10 characters*	Census > People > Demographics > Person Identifiers > Student State ID Person.stateID
Course School Name	The name of the school in which the course was completed. If a School ID Override is entered on the Course, that value is reported. Otherwise reports the State School Number. *Alphanumeric, 25 characters*	Scheduling > Courses > Course > School ID Override; System Administration > Resources > School > Name Course.providerSchool School.name

Element Name	Description & Format	Campus Location
Term Year	The year of the reported school session based on the Start and End dates of the calendar(s) selected in the extract editor. *Date field, 4 digits, YYYY*	System Administration > Calendar > Calendar > Start and End Dates (years only) Calendar.startDate Calendar.endDate
Term Code	Reports the Standard Number from the transcript entry. If Standard Number is null, reports Actual Term. *Alphanumeric, 12 characters*	Student Information > General > Transcript > Course (edit) > Standard Number, Actual Term TranscriptCourse.standardNumber TranscriptCourse.actualTerm
Session Code	The designator for multiple course entries within a single term, such as S1, Q2, etc. *Alphanumeric, 2 characters*	Student Information > General > Transcript > Course (edit) > Actual Term TranscriptCourse.actualTerm
Start Date	The start date of the course session. *Date field, 8 digits YYYYMMDD*	Student Information > General > Transcript > Course (edit) > Term Start Date TranscriptCourse.termStartDate
End Date	The end date of the course session. *Date field, 8 digits YYYYMMDD*	Student Information > General > Transcript > Course (edit) > Term End Date TranscriptCourse.termEndDate
Course ID	The identification number of the course. *Alphanumeric, 7 characters*	Scheduling > Courses > Course > Number Course.number
SCED Code	The SCED code associated with the course. *Alphanumeric, 13 characters*	Student Information > General > Transcript > Course (edit) > State Code TranscriptCourse.stateCode
Title	The descriptive name given to the course. *Alphanumeric, 35 characters*	Scheduling > Courses > Course > Name Course.name

Element Name	Description & Format	Campus Location
Scholarship Course Indicator	Indicates if the course is a scholarship success curriculum course. If the Hathaway checkbox is marked on the student's transcript record, or the Hathaway checkbox is marked for the course, reports as (T)rue. Otherwise reports as (F)alse. *Alphanumeric, 1 character*	Student Information > General > Transcript > Transcript Course editor; Scheduling > Courses > Course > Hathaway TranscriptCourse.transcriptField1 Course.transcriptField1
Pre Ninth Hath	If the student has a transcript record for a grade other than 9, 10, 11, or 12 that has the Hathaway checkbox marked on the record or on the Course, reports as **Y**. Otherwise reports as **N**. *Alphanumeric, 1 character*	Student Information > General > Transcript > Transcript Course editor TranscriptCourse.transcriptField1
Mark	The final indicator of student performance in the class. If the State Score associated with the score is not null or 99, reports the State Score code. If the State Score is null or 99, reports the score. *Alphanumeric, 2 characters*	Student Information > General > Transcript > Course (edit) > Current Score Calculated, not dynamically stored
Credit Earned	The number of credits the student earned for completing a given course. *Decimal, 3 digits X.XX*	Student Information > General > Transcript > Course (edit) > Transcript Credit > Earned TranscriptCredit.creditsEarned
Instruction Level	Reports the Instruction Level code selected for the Section. Otherwise reports the Instruction Level selected on the Course. Reports the attribute default value when a valid value exists in this field. Reports "GE" in the Instruction Level field when a course is entered manually onto the student's transcript and cannot be linked back to a course. *Alphanumeric*	Scheduling > Courses > Section > Instruction Level; Course > Instruction Level Section.instructionLevel Course.instructionLevel

Element Name	Description & Format	Campus Location
Location Section ID	Reports the concatenated value of the Course Number - Section Number associated with the course on the student's transcript. *Alphanumeric*	Scheduling > Courses > Course > Number; Scheduling > Courses > Section > Number Course.number Section.number
State Course ID	Reports the value of the State Code tied to the course listed on the transcript when: Format = NNNNNCN.NNNN, where N = a number, and C = a letter. • Reports blank when the State Code does not conform to the above rule. *Alphanumeric*	Student Information > General > Transcript > Course > State Code TranscriptCourse. stateCode

Tests Extract Type

Element Name	Description & Format	Campus Location
WISER ID	The student's state identification number. *Alphanumeric, 10 characters*	Census > People > Demographics > Person Identifiers > Student State ID Person.stateID
Test Type	The title or name of the assessment administered on or before the extract Effective Date. Reports the National Test selected from the Parent assessment, then reports additional records for Child assessments. *Alphanumeric, 25 characters*	Assessment > Test Setup > Tests > Test Detail > Assessment Type Test.type

Element Name	Description & Format	Campus Location
Subtest Name	The description of the content or subject area of the assessment. Reports a record for each assessment and each child assessment when the Parent Assessment Date is on or before the extract Effective Date. For ACT assessments where the student did not Receive Accommodation, reports as 'CompositeHighest' when the record is for the student's highest composite ACT score or as 'Compose' if not. For WorkKeys assessments, reports as 'TotalScore' for the parent assessment. *Alphanumeric, 15 characters*	Assessment > Test Setup > Tests > Test Detail > Name Test.name
Test Score	The score the student received for the assessment. Reports from the parent assessment first, then from the child assessment if null. Always reports as Y for NoACTWorkKeys records. If the record is for an ACT assessment parent and Received Accommodation is marked, reports as Y. *Alphanumeric, 25 characters*	Student Information > General > Assessments > Test Score > Score TestScore.scaleScore
Score Type	The type of scoring method used. *Alphanumeric, 50 characters*	Assessment > Test Setup > Tests > Test Detail > Select the score fields... Test.useDate Test.useScaleScore Test.useRawScore Test.useReasonCode Test.useReceivedAccommodation Test.usePercentile Test.usePercent Test.useNormalCurveEquivalent Test.useResult Test.useInvalid
Test Date	The date the student took the assessment. *Date field, 8 digits YYYYMMDD*	Student Information > General > Assessment > Test Scores > Date TestScore.date

Immunizations Extract Type

Element Name	Description & Format	Campus Location
WISER ID	The student's state identification number. *Alphanumeric, 10 characters*	Census > People > Demographics > Person Identifiers > Student State ID Person.stateID
Immunization Type	The type of immunization the student has received. *Alphanumeric, 25 characters*	System Administration > Health > Vaccines > Code Vaccine.code
Immunization Date	The date an immunization was received. Reports a record for each immunization dose received. *Date field, 8 digits YYYYMMDD*	Student Information > Health > Immunizations > Shots VaccineShot.date
Immunization Status	If the immunization dose was waived, reports the waiver reason for the immunization record. *Alphanumeric, 2 characters*	Student Information > Health > Immunizations > Waiver VaccineShot.waiver
