

Academic Planner: System Set Up - Study Guide

Last Modified on 10/22/2022 10:44 am CDT

The Academic Planner allows schools to manage a student's academic plan through their entire school career. Academic Planning is a process that requires the use of several tools in Campus and several roles in a school. This study guide covers the components necessary to enable the basic functionality of the Academic Planner.

Credits

Credit Groups

Credit Groups define how credits earned by students are counted on transcripts and are used in tracking a student's progress towards graduation.

Course Set Up

Course Masters

A Course Master defines elements of courses from a district level, providing courses with the same number, naming convention, and setup for grading throughout the district. Changes made to the Course Master are also applied to the courses at the schools.
