## Case Search

Technical and Authorized Support Contacts have access to view and post comments on all cases for their district. A list of all cases is presented by default when selecting **Cases > View Cases** from the top dropdown. Cases are sorted by **last modified date** and columns can be toggled to quickly sort by status, modified date, module, etc.

Displayed cases may be refined by clicking on the funnel icon to display filters. Using multiple filters will narrow the results, only returning entries that meet the requirements of each entered field. For example, searching for "Grade Book issues" (Subject) created by a selected contact will only return cases matching both of those instances, while only entering "Grade Book issues" in the Subject field will return issues entered by all users.

When available, use the dropdowns to further refine your search. For example, Subject may be filtered using Equals, Not equals, Starts with, Ends with, Contains, and Does not contain.

The following fields are available.

Option	Description
<b>Case Number Standard</b>	Enter the number assigned to the case when it was created.

Option	Description
<b>Subject</b> <i>Standard</i>	Enter the title of the case or a keyword that can be used to locate the case. Entering a phrase like "grade book issues" might not return results, but "grade book" will.
<b>Status</b> <i>Standard</i>	Indicates the status assigned to the case. Options are: <ul style="list-style-type: none"> <li>• <b>New</b> - case has been created but not yet assigned to a Campus support resource.</li> <li>• <b>Assigned</b> - case has been created and assigned to a Campus support resource.</li> <li>• <b>Assist Request</b> - case is pending the input of an internal Campus resource.</li> <li>• <b>Pending Customer Input</b> - case requires additional information from an Authorized Support Contact in order to seek resolution.</li> <li>• <b>Pending Customer Verification</b> - case resolution is awaiting final confirmation from the Authorized Support Contact.</li> <li>• <b>Scheduled</b> - action required to meet request has been scheduled to take place on a future date, such as a planned training.</li> <li>• <b>Assigned to Development</b> - case has been escalated for Campus Development to modify functionality in the product.</li> <li>• <b>Closed</b> - case has been resolved, meeting the needs of the user and marked as complete by your Campus support resource.</li> <li>• <b>Available in Release</b> - issue reported in the case has been developed and is available in a Campus Release Pack.</li> <li>• <b>Re-Opened</b> - previously closed case has been re-opened by the customer and is awaiting further assistance from a Campus support resource.</li> </ul>
<b>Priority</b>	Indicates the level of urgency associated with the case. Options are: <ul style="list-style-type: none"> <li>• <b>Critical</b> - Campus is not operational</li> <li>• <b>High</b> - Inability to perform a time-sensitive task</li> <li>• <b>Medium</b> - Usable, but functionality is affected</li> <li>• <b>Low</b> - Questions, advice and training-related issues</li> </ul>
<b>Module</b>	Selected option relates to the area of Campus where the issue is occurring.

Option	Description
<b>Case Type</b>	<p>Selected option indicates the type of case that was entered. Options are:</p> <ul style="list-style-type: none"> <li>• Ask a Question</li> <li>• Campus Application</li> <li>• Custom Application</li> <li>• Custom Development</li> <li>• Data Export</li> <li>• Data Import</li> <li>• Data Modification</li> <li>• Data Restore</li> <li>• ICU Call</li> <li>• Modify Support Contacts</li> <li>• Report an Outage</li> <li>• Server/Hardware</li> <li>• Server Access</li> <li>• Training Request</li> </ul> <p>The category on a case is automatically populated based on the screen the case is completed from.</p>
<b>Contact</b>	The Authorized Support or Technical Contact assigned to the case.
<b>Last Modified</b>	Date that the case was last updated or last communicated on.
<b>Account</b>	Name of the district that submitted the case.

## Search Results

The number of Results returned displays at the top of the Cases window. The number of cases returned per page is automatically set to 20. This number can be changed by updating the Page Size value that displays at the bottom of the cases list. When this value is changed, the number of pages also changes. Advance to a new page in the search results by choosing a new page number under the Page dropdown.

00002207	Campus is down	Assigned to Development	Medium	Hosting	Server/Hardware
00001959	Server is unavailable and site is down	Closed	Critical	Hosting	Report an Outage
00001958	Site Down	Pending Customer Verification	Critical	Hosting	Report an Outage

Written case communications between Authorized Support Contacts and Campus are called **Posts**. Posts display in the case's **Feed** with the most recent at the top. Posts may be searched using the "Search this feed" box.

To add a Post to a case, click into the Post box that says "Share an update". An editor box will appear. Type your message into the editor and hit Share to submit. Note that you may format your text, add bullets or numbers to your steps, or add saved images directly into your Post. The paperclip icon may also be used to attach files to your post. Up to 10 attachments can be added at the same time. Max file size is 15MB.
