The Course tab contains information about courses attached to this calendar or school. New courses are created using the [Add Course Wizard](#), but users can edit course details here.

The Course editor is divided into the following sections:

- [Course Information](#)
- [NCES Data](#)
- [Course Description](#)

See the [Push to Sections](#) article for more information about pushing course-level grading setup to sections.

Course Information

Fields vary by state. Please see your state's [State Tools](#) articles for more information on Course and Section procedures in your state.

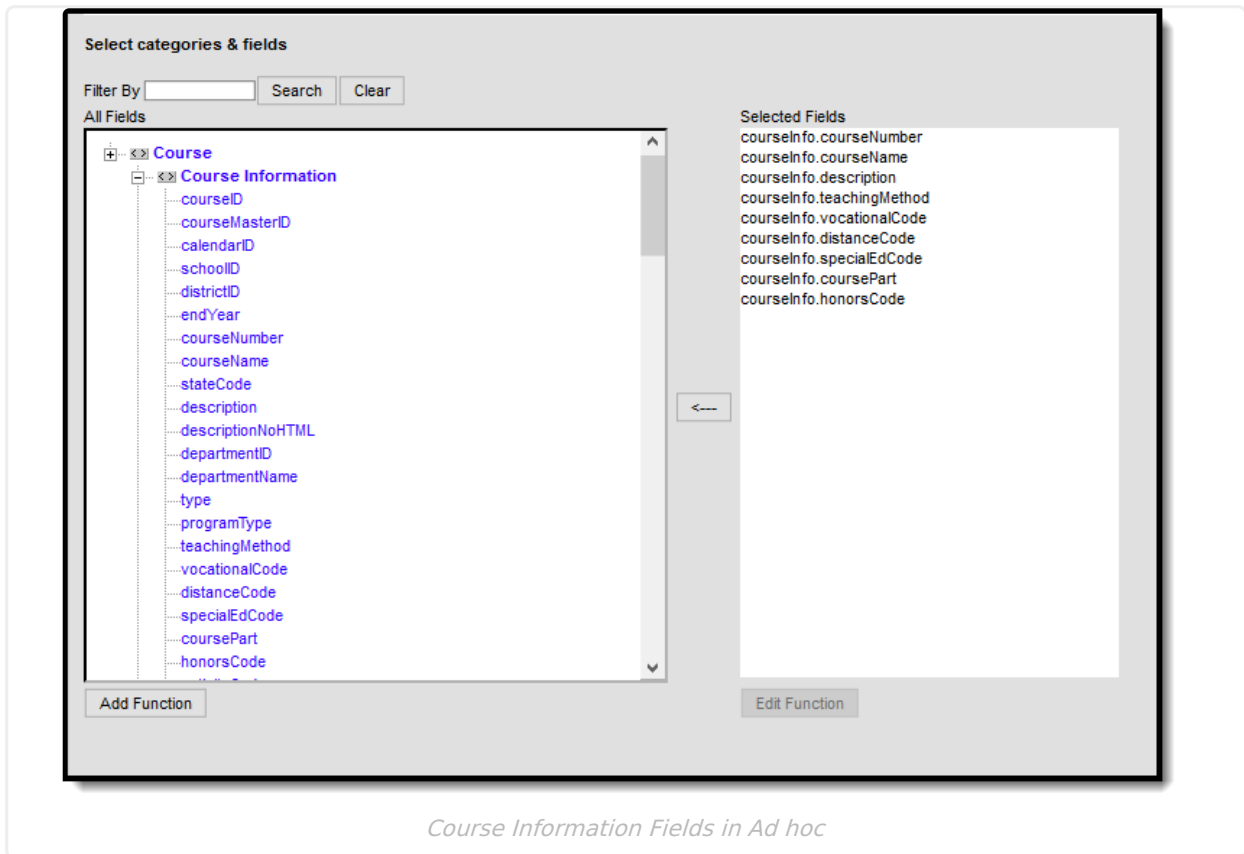

A course can be deleted as long as there are no students scheduled into it and no course sections are attached to it.

## Course Information in Ad hoc Query Wizard

Course information and Course Master information is available in the Query Wizard for **Course/Section** Data Type filters. Fields can be selected from the following folders:

- Course > Course Information
- Course > Course Information > Custom Course.

Fields available on the Course tab are noted in the Course Information section below.

## Course Information

The following is a list of fields available in the Course Description section. Some of these fields may not appear in all states. Fields that are used in the Multi-Year Academic Planning process have additional information in the Academic Planning Logic column.
